ANNUAL REPORT
OF THE
Pennsylvania Commission of Soldiers' Orphan Schools
FOR THE
YEAR ENDING MAY 31, 1906.

To the General Assembly of the Commonwealth of Pennsylvania:

Gentlemen: Herewith, as required by Act of Assembly, we submit the Annual Report of the Soldiers' Orphan Schools Commission, having charge of the proper conduct of the schools authorized and established by the laws of the Commonwealth.

May 31, 1906, marked the end of the forty-second year of the existence of these schools, and the seventeenth year of their management by the Soldiers' Orphan Schools Commission, under the provisions of the Act of General Assembly, approved May 25, 1889, and its supplements.

The detailed reports of the Superintendents of the several schools herewith submitted, show that there were eight hundred and fifty six children, lawfully under the care of the State in these schools, at the close of the year ending May 31, 1906, and that these children are classified as follows:

Males under the age of five years, 3.

Males between the ages of five and ten years, 95.

Males between the ages of ten and fourteen years, 240.

Males between the ages of fourteen and eighteen years, 193.

Female under the age of five years, 1.

Females between the ages of five and ten years, 61.

Females between the ages of ten and fourteen years, 146.

Females between the ages of fourteen and eighteen years, 117.

The sanitary condition of the buildings and property under the charge of the Commission is attested by the significant fact, that no epidemic of any nature has appeared or prevailed in any of the schools. Of course there has been more or less of the ordinary forms of illness among the children, congregated as they are, in the several institutions, but a careful analysis of the data furnished by the physicians' reports, establishes the remarkable fact that the percentage of sickness and death among the boys and girls is less

than the prevailing percentage among the most favored class of children in the Commonwealth. This condition is due, in large measure to the efficiency of the physicians in charge, coupled with the unremitting oversight and watchful care of the superintendents and employes in the several schools.

The moral, educational and industrial training given to the children in these schools, is fully up to the standard fixed by the most advanced educational and training thought of the land and fills in full measure the requirements of the laws of the Commonwealth of Pennsylvania. Military and physical training are important factors in the formation of regular habits, and these two elements are required in all of the schools. Your attention is specially directed to the fact, that during the years that are past and gone, since the organization of the Soldiers' Orphan Schools, nearly twenty thousand young men and women have received a thoroughly practical education in the several schools in charge of the Commission, have passed out to perform their part in the world's work, have assumed the problem of life with educated minds, trained hands and sound bodies and to-day are valuable factors in the body politic of every part of our State, influencing its laws, its customs, its professions, and every branch of its mechanical and industrial pursuits. Of this vast number, less than two per cent. have failed to profit by the bounty of the State, and the training received by constant precept and practice while in this preparatory centres.

The Act of General Assembly, approved March 17, 1905, extending the age limit from sixteen to eighteen years has proved to be of of incalculable benefit to a large number of the graduates of the Industrial School. Under its beneficent rule, these favored young men and women, are enabled to perfect themselves in their chosen life avocations; a higher degree of literary attainment is assured, and the opportunity for acquiring greater facility in the use of tools, machinery and the various implements in common employment, is freely given to all who take advantage of this wise provision of the law.

The Industrial School is constantly taxed to its utmost capacity. The buildings erected by the State were designed to accommodate three hundred people, and there are now three hundred and thirty-three upon the premises. The manifest intention of the act of 1893 was to finally gather together all the soldiers' orphans of the State at this point, and close all other schools of this character, but the purpose of this Act of Assembly cannot be effectuated under existing conditions. A liberal appropriation for the erection and equipment of suitable buildings upon the State property at Scotland is therefore earnestly recommended.

Attention is called to the continued and increasing prosperity of

the State at large, and the consequent increase in the cost of all necessities of life, amounting to at least twenty-five per cent. Owing to these conditions, the Commission has been compelled to exercise the strictest economy in the expenditure of the public money and in many instances such economy has necessarily reached the verge of parsimony. To meet the large increase in the cost of maintenance, it is recommended that the per capita allowance be increased from one hundred and fifty dollars to one hundred and seventy-five dollars in the Uniontown and Chester Springs Schools, and from two hundred and twenty-five dollars to two hundred and fifty dollars in the Industrial School at Scotland.

The members of the Commission desire at this time to express to the General Assembly, as well as to the body of the people of the State, their high appreciation of the exalted spirit, which has kept alive and maintained this wise and righteous system, for the care and education of the homeless children of those who sacrificed opportunity, health or life, in defense of the laws, usages and customs of our land. The continued existence and maintenance of the Soldiers' Orphan Schools is an object lesson of the highest import, and an authoritative declaration to all the world, that Pennsylvania is ever mindful of her obligations and untiring in the performance of every patriotic duty, regardless of time, distance or cost.

On the 3d day of December, 1905, Colonel Thomas G. Sample, treasurer of the Commission, and for many years one of its ablest and most active members, departed this life at Allegheny, Pa. His death is keenly felt by every member of the Commission, by the management in each of the schools, and by every employe and pupil in all the schools. Genial, sociable, friendly and a lover of children, his untimely death is a continuing loss to all with whom he came in contact.

The Honorable Andrew G. Williams, of Butler, Pa., was appointed to fill the vacancy in the Commission, resulting from the death of Col. Sample, and he is now a member of the Commission.

In conclusion, the Soldiers' Orphan Schools Commission earnestly invites every member of the General Assembly, every Grand Army man, the entire clergy and all members of the press, as well as every citizen of the State at large, to visit these schools and see with their own eyes the magnificent work and splendid results achieved by them. Every one of the schools is always ready for inspection.

Herewith is submitted tabulated statements of all matters in any manner connected with the schools, together with itemized account of all moneys received and expended.

The present Soldiers' Orphan Schools Commission is constituted as follows, and every member thereof is a comrade of the Grand Army of the Republic:

THOMAS GLEASON SAMPLE.

Your Special Committee, appointed by the Soldiers' Orphan Schools Commission, to prepare a suitable tribute to the memory of our late treasurer, Thomas Gleason Sample, respectfully reports the following memorial:

IN MEMORIAM.

In the life of every individual, in the genesis and exodus of every community, municipality and every nation, and in the history of every organization, there are many things, many events and many individuals, which pass by like "ships in the night" or like the winds that blow and they are forgotten forever. There are many other things, and many other events which profoundly impress us, and which stand out as great landmarks, pointing the way in all the succeeding ages.

Occasionally a great personality appears upon the scene of civil and military activity, who seems to look into our faces with kindly eyes, clasp us in a loving embrace, sing to us the songs our mothers sang in our childhood days, move us with the enthusiasm of youthful passion, and thrill us with the inspiration which comes to us in the bugle call for renewed effort, sounding through the smoke and clangor of a hardly contested battle, and all of our after lives, are made better and broader and larger because of his life and influence.

Thomas Gleason Sample, born under the sunny skies of Tuscaloosa, Alabama, passing his early childhood days as a barefoot boy under the shadow of the dome of the capitol of the Commonwealth of Pennsylvania; mastering the elements of the "fourth estate" in the city of Harrisburg; enlisting in 1861, at the age of seventeen years, in answer to the first call for troops to defend the Constitution of our fathers and the laws of the land, serving continuously from April, 1861, till February, 1865, through all grades from the rank of private, to the grade of lieutenant, and bringing home with him to his State, his county, his community and to his family, a record for duty well performed, promotion well merited, and conspicuous bravery on the field of battle, second to none of the two millions and eight hundred thousand boys in blue, who freely offered their services in defense of the immortal principle of "Government of the people, by the people and for the people."

A typical American boy, and an ideal volunteer soldier of the United States of America.

In civil life, upon his return from his army service, taking up his occupation of printing, working continuously and intelligently through the various branches of compositor, journeyman and fore-

man, and finally reaching and filling with signal ability the high position of Superintendent of State Printing.

A part of the Bureau of Fire in the city of Allegheny and acting as clerk of that bureau during many years.

A charter member of one of the Posts of the Grand Army of the Republic, Department of Pennsylvania, serving it continuously either as Adjutant or Commander.

Commander of the Department of Pennsylvania, Grand Army of the Republic, during the year 1894.

An active, leading member of the Allegheny County Grand Army Association, from the date of its organization, exerting a controlling influence in all of its affairs.

A Representative of the Department of Pennsylvania for ten successive years, in the National Encampment of the Grand Army of the Republic.

A member of the National Council of Administration, Grand Army of the Republic, and of the National Executive Committee thereof.

A persuasive, eloquent, forceful speaker, genial and approachable. A masterful executive. A kind and loving Comrade, just and honorable in all of his associations with that peerless organization, the Grand Army of the Republic, he was for many years the central element in the Department of Pennsylvania; its best known, best beloved exemplar.

A member of a lodge of Knights of Pythias in 1869, passing through all grades to Grand Chancellor of Pennsylvania in 1879, and reaching the highest office within the gift of that splendid organization in the year 1898, when he was elected Supreme Chancellor of the United States of America, representing a membership of more than half a million, and among them all, his name was a household word.

A member of the Soldiers' Orphan Schools Commission of the Commonwealth of Pennsylvania from the date of its institution, with a very short interregnum, to the day of his death; a directing force on its controlling committees, serving at different times as its secretary and treasurer; overflowing with tender love for all the children of the land, and especially for the hapless children of his comrades in arms, he was pre-eminently, by instinct, fitness and training, adapted to the work of caring for the wards of the State, and the magnificent results flowing from the working of the splendid system created by the Commonwealth of Pennsylvania, for the education and maintenance of the children of her loyal sons, will forever remain the monument of this acknowledged leader among the many great leaders of our great Commonwealth.

A tender husband, a loving father, a good citizen, God's greatest creation, "an honest, upright man."

The Soldiers' Orphan Schools Commission of the Commonwealth of Pennsylvania, recognizing the pure patriotism, the unselfish devotion, the loving kindness, the great executive ability, the rugged honesty, the single mindedness and the supreme service given by our dead and gone Comrade to the great cause of the Soldiers' Orphans of the Commonwealth of Pennsylvania, as well as the transcendent example of patriotic American manhood exemplified by the civil life and military service of Thomas Gleason Sample, bows to the will of Him who doeth all things well, and joins the Grand

Army of the Republic, the many civic organizations which he adorned, the State at large and the members of his immediate family in their profound sorrow and sense of irreparable loss, incident to his translation to the ranks of the Grand Army beyond the river.

A landmark of the Commonwealth of Pennsylvania has fallen.

“On fames eternal camping ground
His silent tent is spread,
And glory guards with solemn round
The bivouac of our dead.”

ANNUAL REPORT OF INSPECTRESS, 1906.

It is a matter of congratulation that the regular and continuous visits which your Inspectress has paid to the Orphan Schools, during the past year, have been marked by no unusual occurrences. It is to be noted with satisfaction that the health of all the pupils has been above the average; and that during the extreme winter months, when epidemics existed in other localities, that the orphans were singularly free from all serious diseases.

Apart from the question of hygiene, no special incident has occurred which calls for comment in this report.

The experience of many years has reduced the different schools to a system that is practically complete, and while it is not assumed that this system has reached perfection, it is still sufficiently defined to enable the management to carry on, successfully, all the details embracing the care and education of the orphans.

It would be a matter of pleasure and interest for your Inspectress to enter into the details of such management (with which she has made herself thoroughly familiar) but as all such matters are included in the reports of the various superintendents and officers, it could be but a repetition to do so. The management of the schools may perhaps be compared to a well regulated piece of machinery, which requires no criticism, as long as it continues in operation and produces adequate results.

Respectfully submitted,

LAURA P. SWENTZEL,

Inspectress.

Philadelphia, July 30th, 1906.

INSPECTOR'S REPORT.

West Chester, Pa., Sept. 1st, 1906.

To the Commission of Soldiers' Orphan Schools, Harrisburg, Pa.

Gentlemen: In the several years I have been in intimate connection with the schools as Inspector, I have each year noted a steady, systematic, and growing improvement in all departments. During the year last past there has been no diminution in this feature, and it gives me pleasure to report to the Commission that the present organization of the schools is giving the State a just and reasonable return for its investment.

The schools have been made homes. The personal equation between the children and those in charge of them is strongly marked. The marked development of this feature is assisted greatly by the ever present interest of the members of the Commission and other

friends influenced through them by the "cause" which has made them soldiers' orphans. I have found that the comradeship of the battlefield is felt by all who administer to the children which counts much for their happiness and brings the "home" very near.

There are a few things I desire to mention in this short report. Of these, the unusually healthy condition of the children during the past year comes first, in that it has been little short of marvelous. The good health, the fine appearance, and the general cheerfulness of the girls and boys is the best proof of the quality and sufficiency of the food, the general care and attention of the Matrons and Military Instructors, and the kindness of all those in authority. To this may be added the healthful outdoor exercise of the Military Instruction.

One of the things which has been most gratifying has been the fire drill as practiced at all the schools. At the bugle call the dormitories are emptied in about two and one half minutes, without excitement or confusion, insuring the safety of all the inmates of the several schools.

Our teachers and those in charge of the children are the kind of men and women specially fitted for such responsibilities. Their care and constant supervision has had much to do with the fact that the boys and girls who have gone out into the world have given a good accounting of themselves in every way.

The separation of the younger children from the older ones which has been in operation for the past three or four years has continued to bring good results.

The industrial training given at Scotland is becoming more and more recognized as of the greatest importance, the opportunity now available for the pupils to take two extra years training cannot be overestimated.

The entertainments given at all the schools by the children at the Annual Commencement in June were a great success, and very entertaining to those present. At the Industrial School we were honored by the presence of Governor Samuel W. Pennypacker, who was received with military honors and the Governor's Salute. The Governor was very complimentary during his inspection of the various industrial departments, and his presence added much interest to the occasion.

Major McCauley, Vice-President of the Commission, in a report to Post No. 31 G. A. R., of West Chester, in speaking of the Commencement Exercises at Chester Springs, said: "The evening performance of June 21st consisted of singing, and of living pictures of the Civil War, amounting to eighteen numbers all told, interspersed with recitations and songs. I doubt if I ever saw a better presentation of tableaux-interspersed with singing and recitations than I witnessed in the evening performance."

The close of the year affords me agreeable opportunity to once more thank each and every one connected with the schools for courtesies and assistance rendered, and to again assure the Members of the Commission of my appreciation of their generous support in the discharge of my duties as Inspector.

Very respectfully submitted,

S. G. WILLAUER,
Inspector.

REPORTS OF SUPERINTENDENTS.

SOLDIERS' ORPHAN SCHOOL.

Chester Springs, Pa., June 30th, 1906.

To the Commission of Soldiers' Orphan Schools, Harrisburg, Pa.:

Gentlemen: I have the honor to submit the Sixteenth Annual Report of the Chester Springs Soldiers' Orphan School, under the Soldiers' Orphan School Commission's control.

There were on the roll June 30, 1905, 299 pupils. There were admitted during the year, 66 pupils on order, making a total on roll for the year, 365.

During the same period there were discharged, on age, six, on order, four, and by transfer to the Soldiers' Orphan Industrial School at Scotland, Pa., sixty-four, which with the additions of one death during the year, made a total loss of seventy-five, leaving on our roll June 30, 1906, 290 pupils.

The death referred to, was that of David Shiner, of Hazleton, Pa., born January 27, 1897; died of diphtheria, April 18, 1906. He was buried with the usual impressive ceremonies, in the School burial plot in Vincent Cemetery.

While we have had a number of cases of the diseases incident to childhood, yet the health of the children during the year has been exceptionally good.

Improvements have been made in several of the buildings, a new roof on the "little boys'" building, and the bake house, and a cement floor in the building surrounding the Sulphur Spring, the cement being furnished by the owners of the property.

A new ice house was built at a cost of about \$375.00, \$200.00 of which was paid by the aforesaid owners.

A new armature was purchased for our Electric Light Plant, at a cost of \$250.00. The suggestion that we have the old one repaired to be used in case of emergency, was considered by the Property Committee the proper thing to do and it was done, the cost of repairing being about \$50.00.

Religious services have been held during the year, as noted in the reports of former years.

I will not in this report (as economy in space is demanded), enlarge on the manner in which the work in the school-room has been done, nor the results accomplished during the year. The satisfaction expressed by those of your honorable body who favored us with their presence on the occasion of our Annual Examination, furnished sufficient evidence that the year 1906 has been a most successful one.

While limited space forbids special mention of individual effort, yet the condition not only of the children, but of the buildings, grounds, and all the surroundings of the Chester Springs Soldiers' Orphan School, demands the judgment, that each member of the Institution has faithfully done his or her part to make success possible.

The Superintendent and his staff were greatly encouraged on the occasion of our "Annual," not only by the presence on the part of the Commission, of Maj. Levi G. McCauley, Col. R. H. Holgate, Col. J. F. Morrison, Hon. A. G. Williams, Hon. J. C. Stineman and Hon. J. H. Riebel, but by the kindly words of commendation and encouragement uttered by them. The Inspector Maj. S. G. Willauer, and Inspectress Mrs. L. P. Swentzel, were also present and gave us words of cheer.

The Committee on Soldiers' Orphan Schools, of Genl. Geo. A. McCall Post No. 31 of West Chester, Pa., together with many comrades of the same and adjoining Posts, were present and assisted in making our "Annual" a most enjoyable one. The report of the Committee referred to, was very flattering and therefore highly appreciated by those to whom it referred.

I cannot close this brief report without extending my own and the thanks of all, employes and pupils as well, to the members of the Commission of Soldiers' Orphan Schools, for their uniform kindness to all of us, at all times and under all circumstances. Always anxious for the welfare of the children of their late comrades entrusted to their guardianship, the comfort of those whom they have placed over their wards, has never been forgotten nor neglected.

I have the honor to be, Sirs,

Very sincerely yours,

DR. M. B. HUGHES,
Superintendent.

UNIONTOWN S. O. SCHOOL.

Commission of Soldiers' Orphan Schools:

Gentlemen: I beg leave to present this the fortieth annual report of the Uniontown Soldiers' Orphan School.

There have been on the roll during the past year 310 pupils. There have been discharged during the year (by transfer to the Soldiers' Orphans' Industrial School) 31; at the age of sixteen years ten have been discharged, and we have lost one by death, leaving the number on the roll at the close of the year 268.

While the number of admissions have been 38, the discharges have amounted to 42, thus making a net loss of four pupils.

It is remarkable the number of very young children admitted to the school, most of them children of veterans of the Civil War.

The general health of the school has been excellent during the past year. We have been almost free from the ordinary diseases of children. However, we regret to record one death, that of Frank Davidson, who died at the Passavant Hospital, in Pittsburg, Pa., following an operation to relieve an abscess of the inner ear.

A distressing accident occurred soon after the opening of the term. John McCurdy fell from a chestnut tree and sustained a compound fracture of the left arm, and both legs above the knee. To the skill and fidelity of Dr. C. H. LaClair and the nurses, the boy owes his life. At this writing he has not yet fully recovered.

The Educational Department of the School has been under the same efficient direction as for the past five years, and to Prof. Gress and his able corps of assistants is due the high standard that has prevailed.

The Domestic concerns of the institution have been under the care of Mrs. Gress as Matron, and the duties of this office have been well performed.

In the system in vogue at this School, the boys are divided into three families, or cottages, and the girls in two families, each presided over by a Matron, or Military Instructor, and his Assistant. Capt. R. R. Sanner, of the 85th Pennsylvania, has had direct charge of the family of older boys, and general supervision of the boys and of the military drill. He has been assisted by Mr. R. G. Walters, who has charge of the Boyer Cottage, consisting of the boys of intermediate size. In this Cottage Mr. Walters has been assisted by Miss Carrie C. Bayard. Miss Mary M. Seitz was Matron of this Cottage for a portion of the year. Vine Cottage is the home of the smallest boys. Here Miss Mina Swackhammer presides as Matron, assisted by Miss Gertrude A. Reed. The various duties of their positions have been performed faithfully and successfully.

In the Girls Department, Miss Laura A. Bolser is Matron of the older girls, which family is known here as "Magee Cottage," and Miss Emma King has had charge of the smaller girls or "Sample Cottage." The neat appearance of the girls, their good deportment

and excellent discipline are evidence enough of the efficiency of these Matrons.

The moral and religious training of the children is not neglected. Morning and Evening Chapel Exercises are conducted each day throughout the year, and on Sunday regular church service in our vine-covered chapel. An efficient Sunday School is maintained and a general knowledge of the bible is made part of the curriculum.

The deportment of the children has, on the whole, been commendable. There have been infractions of the rules, to be sure, but few of these have been of a serious character, and lapses of discipline are confined to a very small portion of the children.

We regret that space does not permit us to speak of each one connected with the school as teacher or employe, whose fidelity has contributed to the success and welfare of the school during the past year, but we are not without grateful appreciation of the same.

The annual commencement exercises were held on the 18th of June. Four members of the Commission were present, the State Inspectors of the Soldiers' Orphans' Schools, delegates from the G. A. R. Post of Uniontown and the Ladies Circle, and a large concourse of friends of the school. We also had the pleasure of greeting again the representatives of the Association of G. A. R. Posts of Allegheny county.

The exercises were of a similar character to those heretofore given on such occasion. The military drill and the calsthenic exercises were up to the usual standard of excellence, and the band has made great progress under the direction of Mr. W. R. Abraham and Mr. Frank Rutter.

All of which is respectfully submitted.

Very respectfully,

J. A. WATERS,

Superintendent.

SOLDIERS' ORPHANS' INDUSTRIAL SCHOOL.

Scotland, Pa., June 30, 1906.

To the Commission of Soldiers' Orphans' Schools, Harrisburg, Pennsylvania.

Gentlemen: I have the honor to submit the eleventh annual report of the Scotland Soldiers' Orphans' Industrial School, subdivided as to the principal departments thereof.

In making up their reports the heads of these departments have aimed to be as brief and concise as possible and have shown no disposition to praise their own work. Situated as this institution is in a thickly populated section, and close by a much traveled thoroughfare, there has hardly been a day in the year when one or more persons have not visited and inspected it. Among these visitors have been men of prominence in every walk of life. If any such have gone away showing a disposition to criticize or find fault it has certainly not come to our knowledge. We have no special days or hours for visitors, but freely admit all well disposed persons during the working periods of each day, and usually assign one of the pupils to show them through and give any explanation or information that may be desired with reference to the work done by the pupils. In fact, it has been our aim to keep the institution in such condition that there shall not be a day in the whole course of the year when an inspection may not be freely invited.

Taking everything into consideration we believe we can safely say that the past year has been the most successful in the history of the school. The relations between the superintendent and his corps of assistants have at all times been pleasant and agreeable, and the pupils, with very few exceptions, have been happy and contented and have striven most earnestly to maintain a high standard of excellence in all their studies and various other duties.

Thanking the members of the Commission for their uniform kindness and courtesy and all my subordinates for the loyalty and the earnestness with which they have discharged every duty incumbent upon them, I am,

Very respectfully yours,

GEORGE W. SKINNER,
Superintendent.

EDUCATIONAL AND MILITARY DEPARTMENTS.

Scotland, Pa., June 30, 1906.

Capt. Geo. W. Skinner, Superintendent, Soldiers' Orphans' Industrial School, Scotland, Penn'a.

Dear Sir: I herewith submit the tenth annual report of the Educational, Military, and Stenography and Telegraphy Departments. Excellent advantages and few hindrances have made the year just past a most prosperous one.

The retention of over forty pupils under the Act of 1905 necessitated the employment of an additional teacher and the standard of the educational department has been one grade higher than in past years. Every effort has been made to draw out of each pupil everything of which he or she is capable along the line of honest endeavor. A close and thorough classification has kept all grades working in a well balanced and efficient manner throughout the entire year.

The advanced class took up the work prescribed for the first year students of the State Normal schools and through the courtesy of Dr. Eckels took both the faculty and State board examination at the Cumberland Valley State Normal School. It is a great source of satisfaction to be able to state that they passed these examinations in a most creditable manner. During the year the higher grade pupils were given an opportunity to teach lower classes under supervision and did good work.

Many pupils leaving our advanced grades are now scattered through the better institutions of higher education in Pennsylvania where they are doing credit to themselves and the system of schools that put a thorough education within their reach. A number of our recent graduates are filling responsible positions as teachers in the public schools of the Commonwealth.

All national holidays were fittingly celebrated and some excellent entertainment furnished by the pupils under the direction of the teachers. During the year past the Curtain Literary Society was organized by the High School classes and some good work done. It is to be hoped that this worthy undertaking will continue to prosper and grow in proportion to the lofty purposes set forth in the constitution of the Society. Daily chapel services and weekly Sabbath School classes have been conducted regularly. Rev. Keeley, of Scotland, and other ministers of the community preached in the school chapel on Sunday afternoons.

The conduct of the children was generally good and enabled the teacher to accomplish an amount of work that would have been impossible without the co-operation of the pupils.

The graduating class was composed of eleven girls and thirteen boys, all of whom left behind them records worthy of the efforts

Girls' Pavilion and Play-Ground Soldiers' Orphan Industrial School, Scotland, Pa.

of their successors. Rev. John Allan Blair, of Chambersburg, presented the diplomas and addressed the class.

STENOGRAPHY AND TELEGRAPHY DEPARTMENT.

J. Samuel Weltmer, Instructor.

This department continues in a flourishing condition and sends out its students well prepared to earn a livelihood in their chosen field of work. Only high grade pupils can enter this department and good results are to be expected. In this we are rarely disappointed for it is seldom a pupil leaves this department without immediate prospect of lucrative employment. The course and methods of instruction remain the same as last year.

MILITARY AND PHYSICAL CULTURE.

June, 1905, to April 1, 1906, Maj. R. J. Cook, Asst. M. I.

April, 1906, to present time, Maj. P. M. Johnson, Asst. M. I.

Mrs. H. C. Schimmelfeng, assistant matron.

The Military and Physical Culture work has been carried on as in past years and has been productive of excellent results. The healthy, active condition of the pupils attest the wisdom of the systems of training in use. The exhibition drills were of a high order and exhibited a perfection of execution only to be reached by concerted effort of pupils and instructors.

Much credit is due the Assistant Military Instructors, Matron, Assistant Matron and willing helpers among the boys and girls for their patient efforts with these classes. Outdoor sports have been very popular as usual and our athletes have attained considerable prominence in their special lines. The base-ball and foot-ball teams were probably the best in the history of the institution.

Respectfully submitted,

W. C. BAMBRICK,

Principal and Military Instructor.

INDUSTRIAL DEPARTMENTS.

Scotland, Pa., June 30, 1906.

Capt. Geo. W. Skinner, Supt., S. O. Industrial School, Scotland, Pa.:

Sir: I have the honor to herewith submit the eleventh annual report of the Industrial Departments.

The work of the school year just closed has been fully up to the standard, the conduct of the pupils all that could be wished for, and in many cases the work accomplished far in advance of any previous year in the history of the school. This is due to the fact that many of them have taken advantage of section 8, act of 1905, allowing them, at the discretion of the Commission, to remain in the school until they are eighteen years old, giving many of them the advantage of one additional year up to this date, over pupils of former years.

In the past year there has been put one change in the corps of instructors or employes. Mr. B. F. Sterner, assistant engineer, resigned November 30, 1905, James McCune being appointed to the position thus made vacant. Being a former pupil here Mr. McCune was no stranger to many of us, and he has performed his duties in a very satisfactory manner.

During the year just closed there has been no change in the equipment of machinery except the extension of electric lighting. Wires were run overhead on poles from the power-room to the bridge at the entrance to the grounds; twenty-two lights, sixteen candle power each, being placed at suitable locations on the poles to light the drives from the Administration Building to the bridge controlled by a switch located near the girls' pavillion; six lights in the barn, four lights in the Pumping Station, sixteen lights in the Farm House controlled by separate switches at the several buildings.

All the buildings, machinery, heating, lighting and sewage systems are in good condition.

Machine Department.

A. B. Beard, Instructor.

In addition to the regular work of this department the boys have built a new engine lathe, 12-inch swing by 4 feet bed, the same pattern as those used in the Department. This lathe will be placed in position and ready for use by September 1, 1906, and will add just that much to the equipment of the department. Fifty boys are assigned to this department, one-half in each period.

Twenty-two boys and girls are assigned to this department, equally divided in each period.

MEDICAL DEPARTMENT.

Chambersburg, Pa., June 30, 1906.

Capt. George W. Skinner, Superintendent Soldiers' Orphans' Industrial School, Scotland, Penna.:

My Dear Sir: Another year has passed and I therefore herewith hand you a report of the work done in my departments at your school.

Soon after the children returned and had gotten settled I began an inspection of them for the purpose of ascertaining how many of the three hundred were not properly protected by vaccination from small-pox; as a result I vaccinated seventy-five of the children; most of them had "good takes," but none of them had any serious trouble whatsoever as a result of the vaccination.

It might be of interest to note here that during my six years of service as physician to your institution I have, at different times, vaccinated nearly one thousand children and have never had any bad results following.

One of the first cases we had to treat during the year was that of typhoid fever; one of the girls, who had spent her summer vacation in Philadelphia, developed a rather severe attack of the fever and was ill as a result about five weeks; she fully recovered and no other cases followed.

Every year we have found one or more cases of that troublesome, contagious skin disease known as tinea tonsurans, (ring worm of the scalp), among the new arrivals by transfer; this year has been no exception to the rule; it has been our custom to isolate these cases during treatment and it is my opinion that this is the only way to prevent a spread of the disease among the other children.

The work in the medical department has been much the same as previous years; many cases of cold and tonsilitis, apparently coming in epidemics, were treated.

In the surgical department there were about the usual number of sprains, dislocations and fractures treated. I operated upon one boy for club foot during the year.

The results in both departments have been most gratifying; no deaths occurred and none of the children have been permanently injured or maimed as a result of any fracture or other accidental injury, and the work, therefore, has been most pleasant.

I want to thank you and all your associates who helped me in my work by a hearty co-operation.

Very truly yours,

W. F. SKINNER,
Chambersburg, Pa.
Physician in Charge.

BAND.

Scotland, Pa., June 30, 1906.

Capt. Geo. W. Skinner, Supt., Scotland, Pennsylvania:

Dear Sir: I have the honor to submit a report of the Band and Orchestra for the year just closed. At the beginning of the term I organized the band with forty members; of this number fourteen were new boys. We have had two rehearsals daily except Saturday.

Our first trip away was to Harrisburg in October during "Old Home Week," when we played in the parade and at night at the Campfire which was held by members of the G. A. R. in Board of Trade building. We furnished music for a riding tournament in Chambersburg, for the May-pole dance at Wilson College and for the Junior Hose and Truck Company in parade of State Firemen at Chambersburg. We also furnished music on Memorial Day at Shippensburg, Pa., gave many concerts at the school and played for all parades and drills at the school. We had many invitations to play away from school which we could not accept. This band is very freely spoken of as being the best we have ever had. The boys are deeply interested in their work and I cannot give them too much praise for their obedience to me.

The Orchestra, a new departure in music, was organized January 5th, 1906, with fifteen boys from the band. For this we received one flute, one "A" clarinet, one double bass viol and three violins. We used trombone, cornets, drums and two clarinets from band. Several of the boys own their own violins. We had one rehearsal daily except Saturday. Some of the boys had never played on stringed instruments before joining the orchestra. Our object was to have the orchestra for special entertainments. We had invitations to play at Wilson College, Chambersburg, Pa., and at State Normal School, Shippensburg. Their music at commencement was highly spoken of.

Thanking you and all interested for many courtesies I beg to remain,

Very truly yours,

C. E. MENTZER,
Instructor of Band and Orchestra.

LAWS REGULATING SCHOOLS.

ACT OF 1867.

To provide for the continuance of the education and maintenance of the destitute orphans of the deceased soldiers and sailors, and the destitute children of permanently disabled soldiers and sailors of the State.

Whereas, Several considerable appropriations have been expended, for the proper education and maintenance of the destitute children of the men of Pennsylvania, who died in defense of the Union during the late rebellion;

And whereas, it is incumbent upon the State to continue this provision for those children who are now hers;

And whereas, The experience thus far acquired, in the performance of this duty, now enables the Legislature to regulate, by statute, the largely discretionary powers heretofore exercised in the premises; therefore,

Section 1. Be it enacted, &c., That the Governor of this Commonwealth is hereby authorized and required to appoint by, and with the advice and consent of the Senate, a State Superintendent of Soldiers' Orphans, for three years, from and after the date of said appointment, to be subject to removal, for cause, as other officers appointed in like manner, are now, whose office shall be at Harrisburg, whose salary shall be the same as that of the State Superintendent of Common Schools, and necessary traveling expenses, and who shall give bonds, with three sureties, to be approved by the Auditor General, and filed in the office of the Secretary of the Commonwealth, in the sum of twenty thousand dollars, for the faithful performance of his duties; the Superintendent shall have power to appoint one clerk and the Governor one male inspector and examiner, and one female assistant, each at a salary not exceeding one hundred dollars per month, and necessary traveling expenses, to inspect and examine the Soldiers' Orphan Schools hereinafter provided for: Provided, That said Superintendent shall not, during the period of his superintendency, have any pecuniary interest in any of the said orphans' schools.

Section 2. That the State Superintendent of Soldiers' Orphans is hereby authorized and empowered to contract with the trustees, proprietors, or principals of institutions now employed as soldiers' orphans' homes and schools, possessing such good and sufficient accommodation as said Superintendent may approve, and of such other like institutions as may be necessary for the proper care, and maintenance and education, at the expense of the State, and until

the age of sixteen years of the destitute orphan children of all such deceased mother be dead, or has abandoned such orphans, but all applications must be approved by the board of school directors, controllers, or superintending committee of the district, ward, or city in which the mother resides, if she makes the application, or in which the orphans reside, in other cases, and the Superintendent may require such other certificate, from a superintending committee, which committee shall be appointed and hold office at the discretion of the Superintendent, and by and with the consent of the Governor, or from such other source as he may deem necessary.

Section 6. That the said Superintendent be and is hereby authorized and directed to procure a school or schools, or home or homes for the children of the colored soldiers and sailors who fell in the recent rebellion, subject to the same regulations and restrictions provided in relation to the education and maintenance of the orphans of our white soldiers and sailors: Provided, That when he may deem it expedient to do so, the said Superintendent may waive the restriction in regard to number and acres and extent of accommodation in the case of schools or homes for colored orphans.

Section 7. That all contracts made by said Superintendent shall be characterized alike by a wise economy and a just regard for services rendered, and that no contract shall be made for a longer period than one year, unless with the sanction of the Governor, and in cases in which it is clearly the interest of the State to contract for a longer period, such period in no case, however, to exceed five years: Provided, That all the contracts made under this act may be annulled at any time for failure to fulfill the conditions of such contracts on the part of any contractor, of which failure the Governor and Superintendent shall be the judges; and that every such contract shall be made upon the condition of the continuance of said Soldiers' Orphan Schools by the Legislature of the State.

Section 8. That the said Superintendent may, with the consent of the Governor, afford partial relief in kind, not exceeding thirty dollars per annum for each orphan, in case where, in his judgment, it is proper to suffer the orphans to remain with their surviving parents, or relatives, or guardians, and to receive instruction in the public schools of the Commonwealth.

That all bids for the maintenance and education of the soldiers' orphans shall be paid quarterly, by warrant drawn directly upon the State Treasurer, signed by the Superintendent of Soldiers' Orphans, who shall file a receipted bill for the same in the Auditor General's office before issuing the next quarterly warrant, which the State Treasurer is hereby forbidden to pay until such receipted bill is thus filed: Provided, That all amounts appropriated for the purchase of clothing, and the payment of partial relief, salaries and incidental expenses, may be drawn by the State Superintendent of Soldiers' Orphans, upon the warrants of the Governor, and the bills for the same settled semi-annually, at the Auditor General's office, in the usual manner.

Section 10. That the Superintendent of Soldiers' Orphans shall require monthly, quarterly and annual reports, according to such form as he shall prescribe, from each institution receiving soldiers' orphans' at the expense of the State; and that said Superintendent

shall, not later than the first day of December, one thousand eight hundred and sixty-seven, and annually thereafter, make a detailed report to the Governor of this Commonwealth, of all the soldiers' orphans under his charge, their condition and progress, the numbers of each respective age, from four to sixteen years, and such other information as he may deem expedient, together with the statement of receipts and disbursements by item, and estimates for ensuing years.

ANNUAL REPORT

OF THE

Pennsylvania Commission of Soldiers' Orphan Schools

FOR THE

YEAR ENDING MAY 31, 1907.

To the General Assembly of the Commonwealth of Pennsylvania:

Gentlemen: Herewith, as required by act of Assembly, we submit the Annual Report of the Soldiers' Orphan Schools Commission, having charge of the proper conduct of the schools authorized and established by the laws of the Commonwealth.

May 31, 1907, marked the end of the forty-third year of the existence of these schools, and the eighteenth year of their management by the Soldiers' Orphan Schools Commission, under the provisions of the act of General Assembly, approved May 25, 1889, and its supplements.

The detailed reports of the Superintendents of the several schools and the records of the office herewith submitted, show that there were eight hundred and forty-three pupils, lawfully under the care of the State in these schools, at the close of the year ending May 31, 1907, and that these children are classified as follows:

Males under the age of five years,	3
Males between the ages of five and ten years,	90
Males between the ages of ten and fourteen years,	219
Males between the ages of fourteen and eighteen years,	196
Females under the age of five years,	2
Females between the ages of five and ten,	58
Females between the ages of ten and fourteen years,	153
Females between the ages of fourteen and eighteen years, ...	122

The sanitary condition of the buildings and property under the charge of the Commission is attested by the significant fact, that no epidemic of any nature has appeared or prevailed in any of the schools. There has been more or less of the ordinary forms of illness among children congregated as they are in the several institutions, but a careful analysis of the data furnished by the physicians' reports, establishes the remarkable fact that the percentage of sickness and death among the boys and girls is less than the prevailing percentage among the most favored class of children in the Commonwealth. This condition is due, in large measure to the efficiency of the physicians in charge, coupled with the unremitting oversight and watchful care of the superintendents and employes in the several schools.

The moral, educational and industrial training given to the children in these schools, is fully up to the standard fixed by the most advanced educational and training thought of the land, and fills in full measure the requirements of the laws of the Commonwealth of Pennsylvania. Military and physical training are important factors in the formation of regular habits, and these two elements are required in all of the schools. Your attention is especially directed to the fact that during the years that are past and gone, since the organization of the Soldiers' Orphan Schools, nearly twenty thousand young men and women have received a thoroughly practical education in the several schools in charge of the Commission, have passed out to perform their part in the world's work, have assumed the problem of life with educated minds, trained hands and sound bodies, and to-day are valuable factors in the body politic of every part of our State, influencing its laws, its customs, its professions, and every branch of its mechanical and industrial pursuits. Of this vast number, less than one per cent. have failed to profit by the bounty of the State, and the training received by constant precept and practice while in these preparatory schools.

The act of General Assembly, approved March 17, 1905, extending the age limit from sixteen to eighteen years, has proved to be of incalculable benefit to a large number of the graduates of the Industrial School. Under its provisions these favored young men and women are enabled to perfect themselves in their chosen life avocations; a higher degree of literary attainment is assured (which will be better understood by reading the reports from the Industrial School, in this volume), and the opportunity for acquiring greater facility in the use of tools, machinery and the various implements in common employment, is freely given to all who take advantage of this wise provision of the law.

The Industrial School is constantly taxed to its utmost capacity. The buildings erected by the State were designed to accommodate three hundred people. There are now about that number at the school, but at the end of the vacation this number will be increased to not less than three hundred and fifty. The manifest intention of the act of 1893 was to finally gather together all the soldiers' orphans of the State at this point, and close all other schools of this character, but the purpose of this act of Assembly cannot be carried out, owing to the large number of children still remaining in the schools, until suitable accommodations are made and provided for the care of a larger number of pupils.

Under the act of Assembly, approved the 13th day of June, 1907, an appropriation was made for the purpose of enlarging the capacity of the present buildings and the building of a new structure, which will enable the Commission to transfer the pupils to the Soldiers' Orphan Industrial School, and abandon one of the other schools during the coming year, it being the intention of the Commission to consolidate the pupils in this school as rapidly as the facilities will admit, without curtailing the advantages that have been given to the wards of this State in the past.

The members of the Commission desire at this time to express to the General Assembly, as well as to the body of the people of the State, their high appreciation of the exalted spirit, which has kept alive and maintained this wise and righteous system for the care

and education of homeless children of those who sacrificed opportunity, health or life, in defense of the laws, usages and customs of our land. The continued existence and maintenance of the Soldiers' Orphans Schools is an object lesson of the highest import, and an authoritative declaration to all the world, that Pennsylvania is ever mindful of her obligations and untiring in the performance of every patriotic duty, regardless of time, distance or cost.

On the 17th day of January, 1907, the new Commission was organized by the election of his excellency, Governor Edwin S. Stuart, as President; Major Levi G. McCauley, Vice-President; Hon. Thad. M. Mahon, Treasurer and Jas. F. Morrison, Secretary. The other members of the Commission are Gen. J. P. S. Gobin, A. P. Burchfield, Hon. Charles E. Quail, Hon. George E. Patterson, Hon. Thos. V. Cooper, and Hon. John H. Riebel.

In conclusion, the Soldiers' Orphan Schools Commission earnestly invites every member of the General Assembly, every Grand Army man, the entire clergy and all members of the press, as well as every citizen of the State at large, to visit these schools and see the magnificent work and splendid results achieved by them. Every one of the schools is always ready for inspection.

Herewith is submitted tabulated statements of all matters in any manner connected with the schools, together with itemized accounts of all moneys received and expended.

REPORT OF INSPECTRESS, 1907.

The monthly reports of Mrs. Larua P. Swentzel, Inspectress, for the year ending May 31, 1907, show that the Female Pupils in the schools are making fine progress in the educational and industrial departments; that their physical training in calisthenic and other exercises, is such that developes the strong healthy constitutions that is evident by the general robust health of the girls; that the sanitary conditions of their dormitories are good, and the careful training of the matrons and teachers are bringing good results at all the schools.

INSPECTOR'S REPORT.

West Chester, Pa., June 30th, 1907.

To the Commission of Soldiers' Orphan Schools, Harrisburg, Pennsylvania:

Gentlemen: As I complete this the ninth year of my incumbency as Inspector of the Soldiers' Orphan Schools, I am more than ever impressed by the fact that the sons and daughters of our soldiers whom the State is sending out each year are making good their training and education. From every part of the State I hear this good news, and scarce indeed is the word of failure.

In considering this profitable result of the State's investment in making good citizens of her soldiers' children, the fact must not be lost sight of that nearly all of these little ones start life badly handicapped by reason of their early environments and lack of opportunities before they are taken care of by the State. There are many factors which have had to do with bringing about these fortunate results.

But that which counts the most in my opinion in the great work being accomplished, is the spirit of home that pervades these schools and the existence of a close personal relationship between those in charge and the fatherless and motherless boys and girls. I share with you the honorable members of this Commission, to whose care these children are entrusted, a great love for these little ones, who are fortunate in having the great State of Pennsylvania as their parent.

The true acceptance of this trust by those to whose care it is committed has made the Soldier's Orphan Schools to-day a commendable and ever improving institution.

Good food, cleanliness, and a healthy outdoor life have been largely responsible for a continuation of the already enviable record of the physical condition of the children. In fact, with strong physiques, the healthy moral influences derived from military training, Sunday Schools and contact with the men and women of high character in charge, have given these children sent out from these schools a great start in life which is ever proving beneficial to them and to their parent, the State.

During the performance of my official duties as Inspector, I have been met at all times by those in charge, with a frankness and a willingness "to make good," wherever and whenever I have found anything to criticise. As an instance of the care that is taken in the discipline of the schools, I mention the fire drill which was established by the Commission, upon my recommendation, immediately after my first visit as Inspector nine years ago.

Although there have been several dangerous fires during this period not one of the children has been injured. Under the dis-

cipline incident to the fire drill the children at all the schools are quickly removed from the dormitories without excitement. The children are also drilled in the use of fire extinguishers which were installed at the same time the fire drill was established.

At the end of another year, I wish, once more to convey my thanks for the uniform courtesies of those with whom I came in contact in the performance of my official duties and to express to them, and to the honorable members of the Commission, and to each and every boy and girl of the schools my best wishes for many successful years to come.

Very respectfully submitted,

S. G. WILLAUER,

Inspector.

Chester Springs, Pa., June 30th, 1907.

Commission of Soldiers' Orphan School, Harrisburg, Pa.

Gentlemen: I herewith submit (my fourth), the seventeenth annual report of the Chester Springs Soldiers' Orphan School. June 30th, 1906, the date of last report, there were on the roll, 290 pupils. There were added to this number by admission during the year, 62 pupils making a total on the roll for the year of 352.

There has been during the same period, discharged, on age five, or order three and by transfer to the Soldiers' Orphan Industrial School at Scotland, Pa., 66, making a total of 74 discharged. To this number must be added the loss of one pupil by death, making our entire loss during the year, 75, leaving on our roll at the end of the school year, June 30th, 1907, 277 pupils.

The death referred to, was that of the little boy, Wm. F. Shippley, of Mercersburg, Pa., who upon the death of his father, his only known relative, was taken charge of by Capt. J. B. McCullough Post No. 497 of Mercersburg, and application made for his admission to the Soldiers' Orphan School. He was admitted to this school, March 26th, 1906. On the afternoon of September 28th, he was attacked with Membranous Croup, and died in less than 12 hours. I at once notified the Adjutant of McCullough Post, but have as yet had no reply. We buried him in the school burial plot, in Vincent Cemetery, the interment being strictly private, owing to the nature of the disease.

While we have had during the year 25 cases of Scarlet Fever and nine cases of Diphtheria, we have but the single death to record.

The educational department of the school has had a very successful year, notwithstanding the fact that a change in the principalship was made imperative by the election of Prof. Ira D. McCord to the Legislature of Pennsylvania. Prof. Edward W. Keenan, who succeeded him, has, with the co-operation of his corps of teachers, carried forward the work in a very satisfactory manner, as was attested by the many expressions of approval, not only by members of your honorable body, but by the many visitors, consisting of clergymen, physicians, teachers and laymen, upon the occasion of our "Annual" exercises, June 20th, 1907.

Words of praise and commendation from the same source, evidence the fact that the work of the Military Instructors and Mat-

rons has been equally thorough, as demonstrated by the boys in their military evolutions and manual of arms, and the girls in the military precision with which they marched, their neat and orderly appearance and modest demeanor.

Were additional testimony needed, it will be found in the Resolutions passed by Gen'l Geo. A. McCall Post No. 31, G. A. R., of West Chester, Pa., upon the report of its Committee on Soldiers' Orphan Schools, following its visit to the school, which is enclosed with and made a part of this report.

Mr. F. H. Hartweg, in charge of the steam and electric light plant, has everything in his department in the highest state of efficiency. Mrs. L. H. Richards in the hospital, Mr. T. O. K. Robarts in the bakery, Mr. C. A. Broome in the laundry, Mr. Hazlett on the farm and Mr. Jefferis as Carpenter or general utility man, have in their several departments done excellent service and have, with the hearty co-operation of the entire staff of employes, made the year a very satisfactory one, and the Chester Springs Soldiers' Orphan School a delight to all its friends.

As in former years, our religious services have consisted of daily chapel service, with either Sunday school, or preaching by one of the neighboring pastors every Sabbath.

The holidays have all been appropriately observed. On Thanksgiving Day, by direction of the Commission, the children, as well as the people, were given a turkey dinner with all the good things which go to make up the usual dinner for that day, and it is needless to say it was enjoyed to the full. A Thanksgiving service was held in the Chapel, an excellent address given by the Rev. E. C. Sult, of the German Reformed Church (St. Paul's).

On Christmas, by your usual generosity, the children, big and little, were bountifully supplied with candies, fruits and nuts, and a merry Xmas, enjoyed by all, was closed by an appropriate service in the evening.

Memorial Day was a notable one for our school. At 8.30 A. M. the boys' battalion, headed by the school band, followed by the line of girls, marched in true soldierly precision to the cemetery (the little girls and boys being taken in wagons), where a most beautiful service was rendered. A dirge was played by the band, a prayer offered by the Rev. C. H. Wilson, the graves of all the pupils and veterans who lie buried there were strewn with the beautiful flowers of springtime, a salute to the dead was fired by the battalion, after which the Rev. E. C. Sult delivered a most beautiful address, which could be understood by all the children, and which was listened to with rapt attention by even the youngest. "America" was then sung by the school, the benediction pronounced, and as the column marched out of the cemetery "Taps" was sounded in a most impressive manner by the buglers, Leffingwell and Stevenson.

Our "Annual," June 20th, was largely attended, not only by members of the Commission of Soldiers' Orphan Schools, but by Comrades of the Grand Army from West Chester, Phoenixville and Philadelphia, clergymen and physicians, superintendents and principals of high and public schools and residents of the vicinity, all interested in the school and its work. All expressed themselves as highly pleased with the manner in which the pupils acquitted themselves, not only in the exercises in the school room, but in the military evo-

lutions and drills of the boys and the marching and calisthenic exercises of the girls.

The universal decision seemed to be that the system and discipline followed and enforced at the Chester Springs Soldiers' Orphan School were all that could be desired.

I am, sirs, very sincerely, your humble servant,

Dr. H. B. HUGHES,
Superintendent.

REPORT OF COMMITTEE OF SOLDIERS' ORPHAN SCHOOL, POST NO. 31.

James E. McFarlan, Commander,
Post No. 31, G. A. R., West Chester, Pa.

Dear Sir: The Committee on Soldiers' Orphan School of Post No. 31 beg leave to make the following report:

Your committee left West Chester at about 8 A. M. Thursday, June 20th, and proceeded to the Soldiers' Orphan School, at Chester Springs.

The school was thoroughly inspected and examined by your committee. We found the dormitories, kitchens and dining room, especially the boys' dormitories, in excellent condition; as well as the laundry and lighting plant. The boys' appearance on the drill ground, the way they executed the different movements and the discipline reflect great credit upon the Military Instructor, Chris. Beekman, a member of our Post. We cannot speak too highly of Comrade Beekman's work. He certainly deserves credit for the manner in which he has conducted his part of the work at this school, in the training and care of these boys.

The ladies who accompanied us examined the girls' dormitories and everything pertaining to them. They found everything to commend and no adverse criticisms to make.

The whole school, as conducted by Comrade Dr. Hughes, Superintendent, the Principal, Mr. Keenan, and his associated teachers, all deserve the highest commendation.

We also desire to speak especially of the food that is given these children. It is well prepared and neatly and expeditiously served. We were treated with the greatest courtesy by all who are connected with this school. We hope that more of our Comrades in the county will visit this school, not at vacation times, but at other times, so they may give testimony to the discipline and efficiency of this school, and see that the money appropriated by the Commonwealth is economically and judiciously expended, and that the very best results are obtained here by the amount of money appropriated.

Respectfully submitted,

WILLIAM S. WALTON,
EDWARD L. PALMER,
HANNUM W. GRAY,

UNIONTOWN SOLDIERS' ORPHAN SCHOOL.

Jumonville, Pa., June 30, 1907.

Commission Soldiers' Orphan Schools, Harrisburg, Pa.

Gentlemen: I beg leave to present this, the forty-first annual report of the Uniontown Soldiers' Orphan School.

The number of children in the institution at the present date is 260, of which 165 are boys and 95 girls.

Fifty-six pupils have been received during the year, on order of the Commission, making the total in attendance 324.

Eighteen have been discharged at the age of 16 years, and 44 have been transferred to the Soldiers' Orphan Industrial School.

The net loss upon the roll for the year has been eight.

The health of the children has been remarkably good. There has been no serious sickness whatever, no case of contagious disease, of any character, even such ordinary complaints as tonsilitis and colds have not been numerous. There has been no death recorded during the year.

The moral and religious training has received the usual careful attention. Preaching services held every Lord's Day in the chapel connected with the school, and the Sunday school, conducted by the teachers and other employes, in which a graded system of lessons is used, have furnished the religious instruction. The various Christian denominations are represented in the corps of instructors, and no effort has been made to impart sectarian instruction, but the aim has been to inculcate right views of life and duty, to build up Christian character and to teach the fundamental truths of the Christian faith.

The conduct of the children has been, on the whole, commendable. Of course it would be too much to expect that there would be no offenses against good order and discipline.

But we believe that in most cases the foundations are being laid for future useful and upright citizenship.

Quite a number of the former pupils of the school have during the year revisited the scenes of their school days; a delegation from Allegheny county spent several days at the school last summer. Young men and women have introduced themselves who have been absent from ten to twenty years, and it has been a great pleasure to greet these "old pupils," to hear them dwell with pleasant recollections upon the incidents of school life, and to note the evidences of intelligence and prosperity which they bear.

On the whole, these schools have sent out a host of young men and women worthy of the Commonwealth that has nourished them, and an honor to the institutions where they received their training.

The educational department has been under the same efficient care as during the last six years, no changes having been made in the corps of teachers.

Prof. Gress and his assistants have rendered good and faithful service. Discipline has been excellent, and the progress of the pupils satisfactory.

The military department has been conducted by Capt. R. R. Sanner, of the 85th Pa. Vols., assisted by Mr. R. G. Walters, a graduate of the Scotland Industrial School. A very creditable drill in the school of the battalions, inspection, review, battalion parade and calisthenics showed the excellent results of the year's work in this department.

Our annual examination or "commencement" was held on the 17th of June. The Commission was represented by the Hon. Thad. M. Mahon, whose deep interest in this work was manifested by his presence and the words of encouragement and commendation which he spoke. It is a matter of regret to those who have labored faithfully and conscientiously for the entire year, that not more members of the Commission could be present to witness the results of the year's labors.

Commander of the Department of Pennsylvania G. A. R., Mr. Wm. T. Powell, represented the Grand Army of the State. The presence of these friends of the soldiers' orphans was a source of much gratification to us all, and the kind words which they spoke gave much pleasure and encouragement.

The exercises at the commencement were of the usual character, consisting of military drill, and calisthenics by the boys, and dumb-bell and free calisthenics by the girls, with an entertainment of a miscellaneous character in the evening. All these exercises were well received. We must not omit to speak of the interest shown in our school by the presence of a large delegation of the G. A. R. post of Uniontown and the Ladies' Circle of the same place. These friends have stood loyally by the school during all the years of its history. Their unfailing friendship has been gratefully appreciated.

This institution was opened by the reception of the first pupil September 19, 1866. We will soon have rounded out the 41 years of our history. Rev. A. H. Waters, father of the present Superintendent, was at the head of the institution for twenty-four years. The present Superintendent was elected in 1890, and consequently has served the Commission for nearly seventeen years.

During this period of its history almost 2500 pupils have been admitted to the school. They have gone forth from the care of this school to take their places in the battle of life. Most of them are good, industrious, intelligent citizens, many of them are occupying positions of honor, trust and responsibility.

The time will soon come in the nature of things when the work here will be laid down. When that time comes we shall lay down the burden of responsibility with mingled feelings of relief and regret.

Our work has been imperfect; we have doubtless made mistakes, but we have the consciousness that we have endeavored to do our duty; that our aim has been the highest welfare of these children committed to our care in their moral, intellectual and physical development.

Very respectfully,

J. A. WATERS,
Superintendent.

SCOTLAND SOLDIERS' ORPHANS' INDUSTRIAL SCHOOL.

Scotland, Pa., June 30, 1907.

To the Commission Soldiers' Orphan Schools, Harrisburg, Pennsylvania:

Gentlemen: I have the honor to submit the twelfth annual report of the Scotland Soldiers' Orphans' Industrial School, subdivided as to the principal departments thereof.

This institution was opened for the admission of pupils June 1, 1895, with 232 pupils present. For four years thereafter the number of admissions was limited to 250. Since June 30, 1899, the number of pupils present has gradually increased to such an extent that during the last three years it has averaged about 300. This increased attendance has taxed the capacity of our present buildings to the fullest extent, but with the addition of the new dormitory building and extensions to present buildings now contemplated and provided for by the Legislature at its recent session, at least 400 pupils may be comfortably cared for at the close of another year. Since the school opened 1743 pupils have been admitted, of whom 304 are now present.

It has been our aim to keep as closely in touch as possible with the more than 1400 boys and girls who have graduated or been otherwise discharged, and it is a very great pleasure to be able to report that the great majority of these are now filling honorable and useful positions in the world. From time to time many letters have reached us from these ex-pupils exhibiting the utmost gratitude for the opportunities given them while in the orphan schools to acquire a good education and otherwise fit them for the battle of life.

The reports of my principal subordinates, herewith submitted, while short and concise, have still been full enough to afford some idea of the character of the work performed during the year and leave but little for me to say along this line.

All the members of the faculty, and, in fact, all the employes of the institution, have been faithful in the performance of their duties, and, with few exceptions, have worked together in the utmost harmony. Such conduct on their part has tended to lighten very materially the duties of the Superintendent during the year. In commending the work of the employes it is only fair to speak a good word in favor of some of the older boys and girls, who, by their cheerful obedience to all our rules of discipline and by their model deportment in every way, have helped very materially in making the institution one of which all those connected with the soldiers' orphan school system may justly feel proud.

To the members of the Commission who have devoted so much of their time, without remuneration, to the good of the schools, and to all others officially connected with the system, I beg to tender my

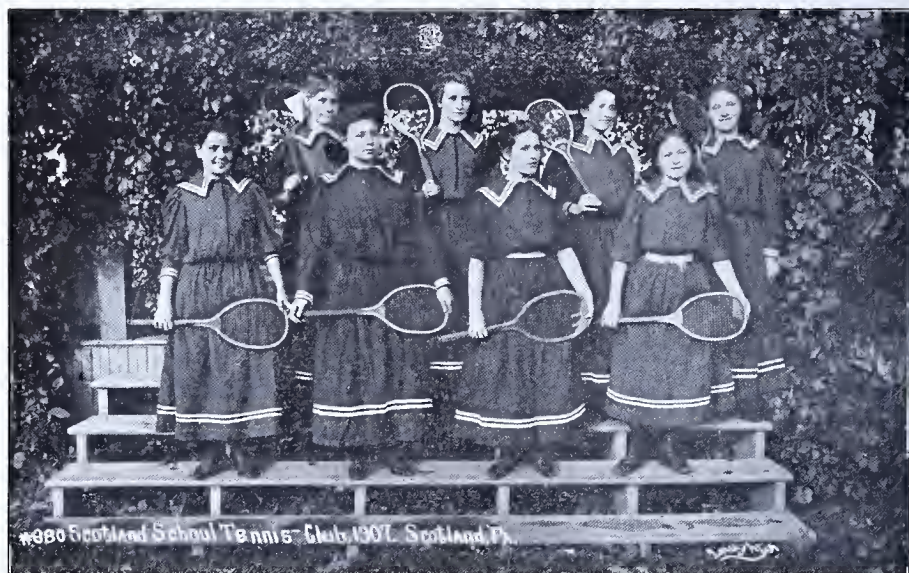

sincere thanks for the many favors shown me during the seven years of my incumbency of the office of Superintendent.

The future seems full of the promise of better things for the boys and girls now in the school, and I cannot but feel that the incoming school year will be a notable one in many respects.

Very respectfully yours,

GEORGE W. SKINNER,
Superintendent.

EDUCATIONAL, MILITARY, STENOGRAPHY AND TELEGRAPHY DEPARTMENTS.

Scotland, Pa., June 30, 1907.

Capt. Geo. W. Skinner, Superintendent, Soldiers' Orphans' Industrial School, Scotland, Pa.:

Dear Sir: I herewith submit the eleventh annual report of the Educational, Military, Stenography and Telegraphy Departments. The favorable conditions of 1906 were continued into 1907 and good results along all lines of school work increased correspondingly. All classes were strictly graded and each pupil given the work suited to his advancement. A well balanced curriculum, faithfully put into operation, with classes registering almost one hundred per cent. in attendance and discipline, could beget only good results. Special attention is given to the pupils inclined to follow the line of least resistance, and it is a matter of considerable pride with us that "everybody works at our house." County Superintendent of Schools L. F. Benchoff gave the advanced class a teachers' examination, and the results were so satisfactory that seven of the pupils were granted teachers' certificates. Many of the higher grade pupils were given an opportunity to teach lower classes under supervision, and acquitted themselves in a most creditable manner.

A proper regard for all national holidays has been taught by fitting celebrations, and these were made entertaining as well as instructive. The Curtin Literary Society prospered wonderfully during the year, and the pupils who follow will be compelled to work hard to maintain the high standard set by this year's class.

Daily chapel services and weekly Sabbath school classes have been continued with the usual regularity. We are indebted to Rev. Keely, of Scotland, and other ministers of the community for Sunday afternoon preaching in the school chapel.

The general good conduct of the pupils has been remarkable. Many of our boys and girls who have been prominent in all the activities of the school life wielded an excellent influence for good over the entire body of pupils.

A class of six girls and twenty-two boys graduated on June 26th, some to enter useful fields of work and others to continue their education. Rev. A. F. Waldo, of Chambersburg, presented the diplomas and addressed the class.

Stenography and Telegraphy Department.

J. Samuel Weltmer, Instructor.

The capacity of this department does not accommodate all the pupils who wish to take the courses. Pupils are admitted on class standing and date of application. Individual instruction to each

pupil is the system in use, and each pupil is advanced just as rapidly as his ability merits it. Excellent work is accomplished, and pupils earning a number one on their diplomas can be relied upon to do rapid and accurate work.

Military and Physical Culture.

Maj. P. M. Johnson, Assistant Military Instructor.

Miss Jennie Martin, Matron, assisted by advanced pupils.

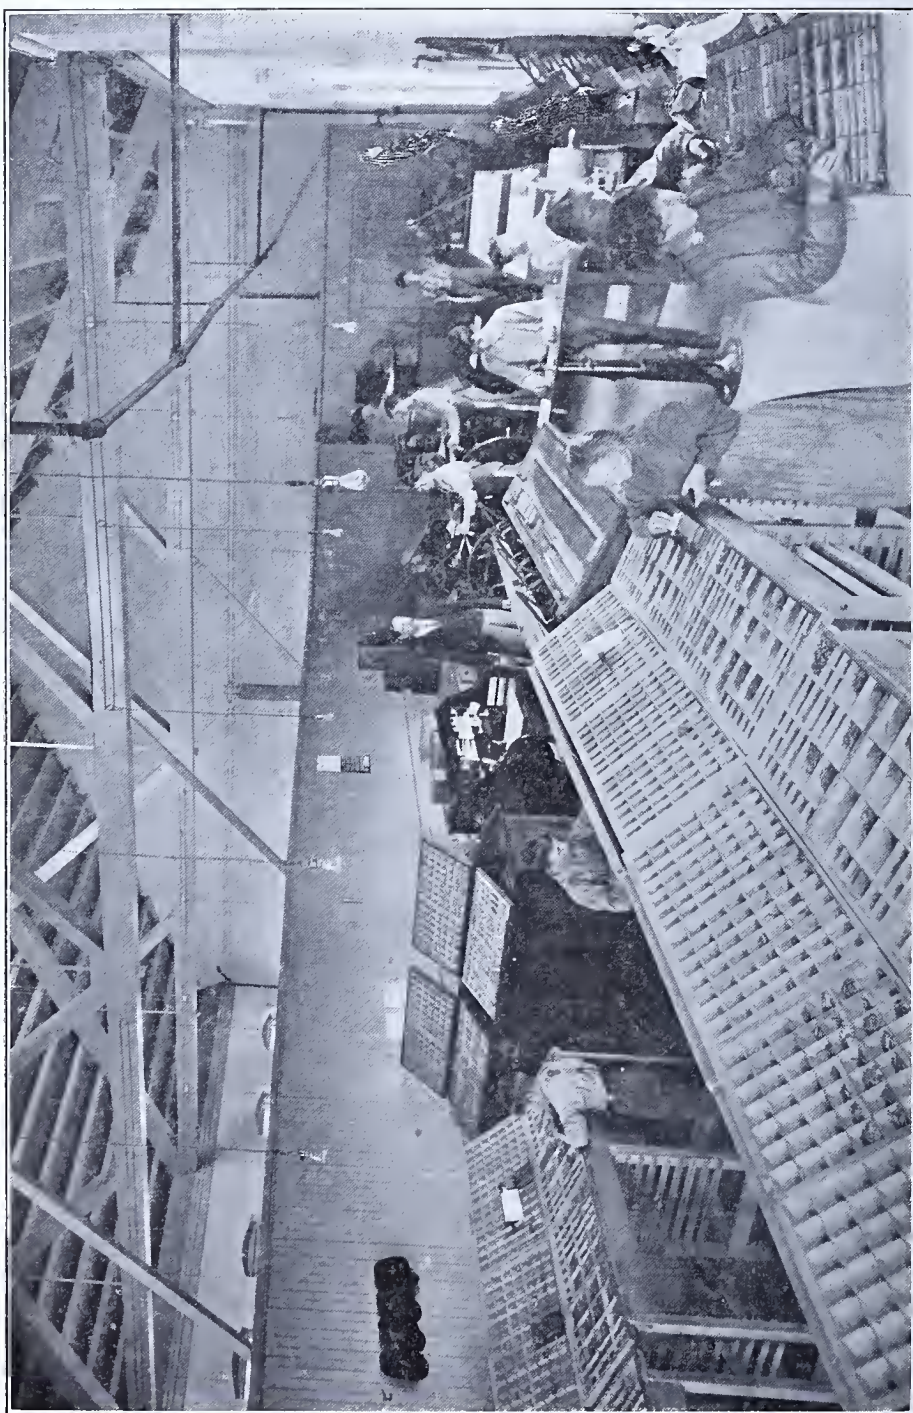

The Military and Physical Culture work has been kept up to the usual high standard. The same system of exercises used and developed in the Scotland Orphan Industrial School during the past few years has been continued. Under this system the children develop healthy bodies. They performed the long, difficult drills on Annual with ease and cheerfulness.

Both boys and girls have been encouraged to take part in outdoor games, and excellent facilities are afforded everyone along this line. In football and baseball the past year has been the best the school has ever known.

In closing, I wish to thank my superiors for support and counsel and my subordinates for cheerful obedience and co-operation.

Respectfully submitted,

W. C. BAMBRICK,
Principal and Military Instructor.

Printing Department—Soldiers' Orphans' Industrial School.

INDUSTRIAL DEPARTMENTS.

Scotland, Pa., June 30, 1907.

Capt. Geo. W. Skinner, Superintendent, Scotland Orphan Industrial School, Scotland, Pa:

My Dear Sir: I have the honor to herewith submit the twelfth annual report of the Industrial Departments. It is a great satisfaction to feel and to know that the past year's work in all the departments was by far the best in the history of the school. This is, in a great measure, due to the fact that we have had many pupils over sixteen, and some over seventeen, years of age, giving such pupils from one to two years' longer time in the departments than had been possible until the passage of the act of Assembly of 1905. The advancement made by these pupils is very marked over pupils who are discharged at the age of sixteen.

In the Machine Department the principal work done was the building of another engine lathe, complete in every particular, the same size as the one built in the school year 1905-1906,—12-inch swing, 4-foot bed. This lathe will be added to the equipment of the department. Many other articles were made, including six small cannon, and the usual amount of repairs to the machinery in the other departments and the school in general.

In the Wood Department the principal article made was a quartered oak sideboard—a very fine piece of furniture. It will be placed in one of the dining rooms. Many other articles were made during the year, including three revolving book cases, six dining room chairs, upholstered in leather, inlaid veneered tabourets, Indian clubs, dumb-bells, etc., and the usual amount of repairs to furniture and buildings.

The Printing Department maintained its usual high standard of work. The School News has been published every second and fourth Thursday of each month during the year. All letter-heads, envelopes and stationery used at this school and programs, songs, invitations, etc., for the other schools in the system are printed in this department.

The Tailoring Department, as usual, made all the clothing required by the boys during the year. The following is the number of pieces of clothing made during the year, with an estimated cost of same:

382 Uniform trousers,	\$1,146 00
261 Uniform coats,	914 00
75 Graduating suits,	450 00
2 Uniforms for Asst. Military Instructor,	20 00
Total,	<u>\$2,530 00</u>

The Sewing Room made all the clothing for the girls during the year, also towels, bakers' aprons, etc. The following is the number of pieces and estimated cost of same:

14 Woolen dresses,	\$79 00
490 Cotton dresses,	612 00
32 White lawn dresses,	40 00
145 Night dresses,	72 50
141 Cotton drawers,	21 60
192 White aprons,	23 00
49 Gingham aprons,	17 60
66 Flannel petticoats,	79 20
16 Gingham petticoats,	4 00
915 Towels,	91 50
150 Napkins,	15 00
Total,	<u>\$1,055 40</u>

(No labor included in the estimates of Tailoring and Sewing Departments.)

In the Mending Department no account is kept of the number of pieces repaired, but all the repairing to the clothing of both boys and girls is done in this department.

In the Shoe Department all shoes of both boys and girls are repaired as required.

During the year there has been several changes in the list of employes in the Industrial departments through resignations. The following are the persons who resigned and their successors:

James K. McCune, Engineer, resigned July 31, 1906, succeeded by William Mills.

Charles W. Bower, Engineer at Pump House, resigned Aug. 31, 1906, succeeded by Joseph A. Edgar.

Thomas G. Bering, Instructor in Wood Department, resigned Aug. 31, 1906, succeeded by William Shields.

C. Ed. Mickey, Engineer, resigned Nov. 30, 1906, succeeded by George Simmers.

Sallie McKibben, in charge of Mending Room, resigned Aug. 31, 1906, succeeded by Goldie Mahon.

All the new employes, as well as the old, are giving entire satisfaction in the performance of their duties.

Respectfully submitted,

WM. H. STEWART,
Superintendent of Industries.

MEDICAL DEPARTMENT.

Chambersburg, Pa., June 30, 1907.

Capt. G. W. Skinner, Superintendent, Scotland Orphan Industrial School, Scotland, Pa.:

Dear Sir: I herewith hand you a report of the Medical Department of the Soldiers' Orphans' Industrial School for the year ending June 30, 1907.

To render you in detail a history of all the cases of sickness treated at the school during the year that has just closed would be long and tedious for me and uninteresting and tiresome to you, and when finished would not be a full report of my work.

My duty as physician in the institution that you superintend consists not only on treating successfully the cases of sickness or accidents that occur, but in taking proper precautions against the introduction and spreading of infectious and contagious diseases. In other words, the old adage, "An ounce of prevention is worth a pound of cure," is applicable to the duty of a physician in an institution of this kind.

My reports year after year have necessarily been very similar in substance—my work being largely routine.

The only material change in my report of the year's work is that for the first time during the eight years of my service at this school I have a death to report.

In closing, I want to thank you and others who have in any way contributed to my success.

Very truly,

W. F. SKINNER.

BAND AND ORCHESTRA.

Scotland, Pa., June 30, 1907.

Capt. Geo. W. Skinner, Supt., Scotland, Pennsylvania:

My Dear Sir: I have the honor to submit a report of the Band and Orchestra for the year that has just closed. At the beginning of the term I organized the band with forty pieces, of which number were six new boys. On account of so many of the old boys returning we were able to accomplish greater things with this band than with any previous one. The music we played was of the best in use.

We furnished music for all drills and dress parades at the school, in addition to giving a number of evening-concerts for the pupils during the winter. We furnished music for the Chambersburg Tournament for Housum Post, G. A. R., at the installation of their officers; for a camp-fire held by the same Post on the occasion of the visit of Department Commander Gherst; for an entertainment given by the Royal Arcanum of Chambersburg; for two public entertainments in the Chambersburg Opera House; for the commencement exercises of the Chambersburg High School; for the dedication of the new capitol; for the Knight Templar parade in Harrisburg, and in the parade attending the inauguration of Governor Stuart. We also furnished music during the exercises of last Memorial Day, both at Chambersburg and at Scotland, and for the May Day exercises of Wilson College. Both Band and Orchestra had a number of other invitations which they could not accept owing to the pressure of school duties.

In conclusion, I want to thank you and all interested for many courtesies.

Very truly yours,

CHARLES E. MENTZER,
Instructor Band and Orchestra

LAWS REGULATING SCHOOLS.

ACT OF 1867.

To provide for the continuance of the education and maintenance of the destitute orphans of the deceased soldiers and sailors, and the destitute children of permanently disabled soldiers and sailors of the State.

Whereas, Several considerable appropriations have been expended, for the proper education and maintenance of the destitute children of the men of Pennsylvania, who died in defense of the Union during the late rebellion; -

And whereas, it is incumbent upon the State to continue this provision for those children who are now hers;

And whereas, The experience thus far acquired, in the performance of this duty, now enables the Legislature to regulate, by statute, the largely discretionary powers heretofore exercised in the premises; therefore,

Section 1. Be it enacted, &c., That the Governor of this Commonwealth is hereby authorized and required to appoint by, and with the advice and consent of the Senate, a State Superintendent of Soldiers' Orphans, for three years, from and after the date of said appointment, to be subject to removal, for cause, as other officers appointed in like manner, are now, whose office shall be at Harrisburg, whose salary shall be the same as that of the State Superintendent of Common Schools, and necessary traveling expenses, and who shall give bonds, with three sureties, to be approved by the Auditor General, and filed in the office of the Secretary of the Commonwealth, in the sum of twenty thousand dollars, for the faithful performance of his duties; the Superintendent shall have power to appoint one clerk and the Governor one male inspector and examiner, and one female assistant, each at a salary not exceeding one hundred dollars per month, and necessary traveling expenses, to inspect and examine the Soldiers' Orphan Schools hereinafter provided for: Provided, That said Superintendent shall not, during the period of his superintendency, have any pecuniary interest in any of the said orphans' schools.

Section 2. That the State Superintendent of Soldiers' Orphans is hereby authorized and empowered to contract with the trustees, proprietors, or principals of institutions now employed as soldiers' orphans' homes and schools, possessing such good and sufficient accommodation as said Superintendent may approve, and of such other like institutions as may be necessary for the proper care, and main-

tenance and education, at the expense of the State, and until the age of sixteen years of the destitute orphan children of all such deceased mother be dead, or has abandoned such orphans, but all applications must be approved by the board of school directors, controllers, or superintending committee of the district, ward, or city in which the mother resides, if she makes the application, or in which the orphans reside, in other cases, and the Superintendent may require such other certificate, from a superintending committee, which committee shall be appointed and hold office at the discretion of the Superintendent, and by and with the consent of the Governor, or from such other source as he may deem necessary.

Section 6. That the said Superintendent be and is hereby authorized and directed to procure a school or schools, or home or homes for the children of the colored soldiers and sailors who fell in the recent rebellion, subject to the same regulations and restrictions provided in relation to the education and maintenance of the orphans of our white soldiers and sailors: Provided, That when he may deem it expedient to do so, the said Superintendent may waive the restriction in regard to number and acres and extent of accommodation in the case of schools or homes for colored orphans.

Section 7. That all contracts made by said Superintendent shall be characterized alike by a wise economy and a just regard for services rendered, and that no contract shall be made for a longer period than one year, unless with the sanction of the Governor, and in cases in which it is clearly the interest of the State to contract for a longer period, such period in no case, however, to exceed five years: Provided, That all the contracts made under this act may be annulled at any time for failure to fulfill the conditions of such contracts on the part of any contractor, of which failure the Governor and Superintendent shall be the judges; and that every such contract shall be made upon the condition of the continuance of said Soldiers' Orphan Schools by the Legislature of the State.

Section 8. That the said Superintendent may, with the consent of the Governor, afford partial relief in kind, not exceeding thirty dollars per annum for each orphan, in case where, in his judgment, it is proper to suffer the orphans to remain with their surviving parents, or relatives, or guardians, and to receive instruction in the public schools of the Commonwealth.

Section 9. That all bids for the maintenance and education of the soldiers' orphans shall be paid quarterly, by warrant drawn directly upon the State Treasurer, signed by the Superintendent of Soldiers' Orphans, who shall file a receipted bill for the same in the Auditor General's office before issuing the next quarterly warrant, which the State Treasurer is hereby forbidden to pay until such receipted bill is thus filed: Provided, That all amounts appropriated for the purchase of clothing, and the payment of partial relief, salaries and incidental expenses, may be drawn by the State Superintendent of Soldiers' Orphans, upon the warrants of the Governor, and the bills for the same settled semi-annually, at the Auditor General's office, in the usual manner.

Section 10. That the Superintendent of Soldiers' Orphans shall require monthly, quarterly and annual reports, according to such form as he shall prescribe, from each institution receiving soldiers' orphans' at the expense of the State; and that said Superintendent

shall, not later than the first day of December, one thousand eight hundred and sixty-seven, and annually thereafter, make a detailed report to the Governor of this Commonwealth, of all the soldiers' orphans under his charge, their condition and progress, the number of each respective age, from four to sixteen years, and such other information as he may deem expedient, together with the statement of receipts and disbursements by item, and estimates for ensuing years.

Section 11. That when any of said orphans shall have arrived at the age of sixteen, or sooner, if deemed expedient, said Superintendent shall, at the written request of said orphan, and of his or her mother, guardian or next friend, put or bind him or her out to such trade and employment, and to such master or mistress, or employer, as shall thus be requested, and for such terms as shall expire, if a male, at or before the age of twenty-one, and if a female, at or before the age of eighteen years; in which indenture or apprenticeship, there shall be included such covenants for the future education of the orphan as said Superintendent may prescribe; and such apprenticeship shall be in all other respects, not herein provided for, subject to the provisions of the act of Assembly relating to masters and apprentices, and the supplements thereto.

Section 12. That upon arrival at the age of sixteen years each of said orphans who shall not desire to be apprenticed to a trade or employment, shall be restored to the mother, guardian, or next friend, with a full outfit of clothes, and a certificate signed by the Superintendent and the principal of the proper school, showing his or her moral standing, and literary and industrial attainments and qualification.

Section 13. That the year, for all operations under this act, shall begin on the first Monday of June in each year, and end on the day preceding the first Monday of June of the next succeeding: and all appropriations, hereafter made, shall be for the year, as herein determined, and made in like manner, and at the same time, as appropriations are now made for the general expenses of the government.

Section 14. That all acts or parts of acts, heretofore passed, and inconsistent with this act, be and they are hereby repealed.

ACT OF 1889.

To provide for the continuance of the education and maintenance of the destitute orphans of deceased soldiers, sailors and marines and the destitute children of permanently disabled soldiers, sailors and marines of the State.

ANNUAL REPORT

OF THE

Pennsylvania Commission of Soldiers' Orphan Schools

FOR THE

YEAR ENDING MAY 31, 1908.

To the General Assembly of the Commonwealth of Pennsylvania:

Gentlemen: Herewith, as required by act of Assembly, we submit the Annual Report of the Soldiers' Orphan Schools Commission, having charge of the proper conduct of the schools authorized and established by the laws of the Commonwealth.

May 31, 1908, marked the end of the forty-fourth year of the existence of these schools, and the nineteenth year of their management by the Soldiers' Orphan Schools Commission, under the provisions of the act of General Assembly, approved May 25, 1889, and its supplements.

The detailed reports of the Superintendents of the several schools and the records of the office herewith submitted, show that there were seven hundred and fifty-nine pupils, lawfully under the care of the State at the close of the year ending May 31, 1908, and that these children were classified as follows:

Males under the age of five years,	5
Males between the ages of five and ten years,	124
Males between the ages of ten and fourteen years,	200
Males between the ages of fourteen and eighteen years,	132
Females under the age of five years,	3
Females between the ages of five and ten years,	90
Females between the ages of ten and fourteen years,	116
Females between the ages of fourteen and eighteen years,...	89

The excellent sanitary condition in which the buildings and property under the charge of the Commission is maintained, is established by the significant fact that no epidemic of any nature has appeared or prevailed in any of the schools. While there has been more or less of the ordinary forms of illness among children congregated as they are in the several institutions, but a careful analysis of the data furnished by the physicians' reports, establishes the remarkable fact that the percentage of sickness and death among the girls and boys is less than the prevailing percentage

among the most favored class of children in the Commonwealth. In a large measure this condition is due to the efficiency of the physicians in charge, coupled with the unremitting oversight and watchful care of the Superintendents and employes in the several schools.

The moral, educational and industrial training given to the children in these schools, is fully up to the standard fixed by the most advanced educational and training thought of the land, and fills in full measure the requirements of the laws of the Commonwealth of Pennsylvania. Physical and military training are important factors in the formation of regular habits, and these two elements are required in all the schools. We would especially direct your attention to the fact that during the years that are passed and gone since the organization of the Soldiers' Orphan Schools, nearly twenty thousand young men and women have received a thoroughly practical education in the several schools in charge of the Commission, have passed out to perform their part in the world's work, have assumed the problem of life with educated minds, trained hands and sound bodies, and to-day are valuable factors in the body politic of every part of our State, influencing its laws, its customs, its professions, and every branch of its mechanical and industrial pursuits. Of this vast number, less than one per cent. have failed to profit by the bounty of the State, and the training received by the constant precept and practice while in these preparatory schools.

Under the act of Assembly, approved the thirteenth day of June, 1907, an appropriation was made in the sum of \$40,000.00, for the purpose of enlarging the capacity of the present buildings, and the building of a new structure which would enable the Commission to transfer the pupils to the Soldiers' Orphan Industrial Schools, and abandon one of the other schools, it being the intention of the Commission to consolidate the pupils in this school as rapidly as the facilities will permit without curtailing the advantages that have been given to the wards of the State in the past. This Committee, consisting of three of its members, Hon. Thad. M. Mahon, Chairman, Hon. L. G. McCauley and James F. Morrison, Esq., immediately secured the services of an architect, and proceeded at once to carry out the provisions of the act of Assembly. The progress that they have made is certified to in the report to the Superintendent by the Superintendent of Industries, Wm. H. Stewart, which will be found on another page in this report. Up to this time, through the assistance of the Superintendent of Industries, this committee have been enabled to perform many more improvements than could have been accomplished had it not been for the assistance given them on the part of the Superintendent of Industries and his corps of embryo mechanics in the school, many improvements being made by the pupils themselves under his instructions, and the great State of Pennsylvania has secured a building and accommodations by the improvements to the main building, which will abundantly care for the increased number of pupils which will be sent there from the school which they contemplate to abandon and the larger children from the Chester Springs Schools, so that it is expected by the first of September next, all these improvements will be completed and the children transferred from the Uniontown School, the smaller ones to Chester Springs, and the larger ones to the Industrial School.

In conclusion, the Soldiers' Orphan Schools Commission earnestly invites every member of the General Assembly, every Grand Army man, the entire Clergy and all members of the Press, as well as every citizen of the State at large, to visit these schools and see the magnificent work and splendid results achieved by them. Every one of these schools is always ready for inspection.

We also submit herewith, tabulated statements of all matters in any manner connected with the schools, together with itemized accounts of all moneys received and expended. Respectfully submitted by direction of the Commission.

JAMES F. MORRISON,
Secretary.

INSPECTOR'S REPORT.

West Chester, Pa., July 15, 1908.

To the Commission of Soldiers' Orphan Schools, Harrisburg, Pennsylvania:

Gentlemen: I have the honor to submit a report of my inspection of the schools during the month of June.

It is a pleasure to report the generally fine condition of the schools and the children, and to note the excellent progress which has been made.

I visited the Chester Springs School June 5, 1908, and made a careful inspection of everything pertaining to the school and found things in a satisfactory order.

I would respectfully refer to my annual report of June 30, 1907, in reference to the fire-drill, and the use of the fire-extinguishers.

I was pleased to witness the boy's fire-drill and report that it was perfectly executed. At the same time the fire-extinguishers were brought out of the building and held ready for immediate use. The fire-extinguishers are regularly refilled and tested each year, (at this school) under the supervision of the Superintendent.

During my inspection I visited the Washington Springs on the hill of the school property, and found them in good order. In one of them I found about ten (10) inches of splendid clear spring-water. The other contained much less water.

I also visited the Vincent Cemetery where a Memorial Tablet was erected many years ago in memory of the pupils who were buried there, with names, date of birth and death chiseled on the tablet, as follows:

-------------------	----------------	---------------------

I visited Jumonville School, June 8, 1908, and in my inspection found things in satisfactory condition. The Superintendent, Dr. J. A. Waters, reported a very satisfactory year, with but very little sickness.

During the final and official closing exercises of this school by the Commission, which took place June 10, 1908, there was no entertainment except singing by the children, and speeches made by representative men from Uniontown, Pittsburg and other places. The speakers referred to the excellent work done here for these children of the soldiers of the Civil War, for the thirty-six years of this school's existence.

Dr. J. A. Waters, the excellent superintendent, having himself, passed from pupil to superintendent through all these positions of pupil, member of the band, Military Instructor, Principal and Superintendent. He can well feel proud of his most excellent work for the orphan children under his care for so many years—he was truly a good father to them, and was always ready to give them good advice.

I visited the Industrial School on the 12th and 13th of June, and found this school in its usual excellent condition. All the Industrial Departments have made good progress and are doing excellent work. The State has reason to be proud of the excellent standard of this school, and of the invaluable educational work being done.

In conclusion I wish to state that I attended Commencements at the different schools, and was pleased with the successful and pleasing exercises at each.

RECOMMENDATIONS.

I want to recommend that at all the schools there should be changes made in regard to the front doors, which now open inward—they should open outward, for in times of danger—fire or other causes, the front doors are the first thought of for escape. In all modern school houses it is a rule to have all exterior doors open out.

I would also recommend that fire-extinguishers with a rubber hose attached, be supplied for the new Auditorium at the Industrial School, and that the old fire-extinguishers now in the Industrial Building be removed, and the more recent and improved ones with rubber hose attached be substituted. I unhesitatingly condemn these old fire-extinguishers referred to.

I would also earnestly recommend that the fire-extinguishers be refilled with fresh chemicals and soda, at least once each year, and thoroughly examined. This is the proper requirement to keep them in proper order for immediate use, and think, by all reports I obtained in my past inspections, the extinguishers are not re-charged each year at the Industrial School. Again thanking you for affording me the pleasure of visiting the schools in June last, I remain, very respectfully.

S. G. WILLAUER.

REPORTS OF SUPERINTENDENTS.

SOLDIERS' ORPHAN SCHOOL.

Chester Springs, Pa., June 30, 1908.

Commission of Soldiers' Orphan School, Harrisburg, Pa.

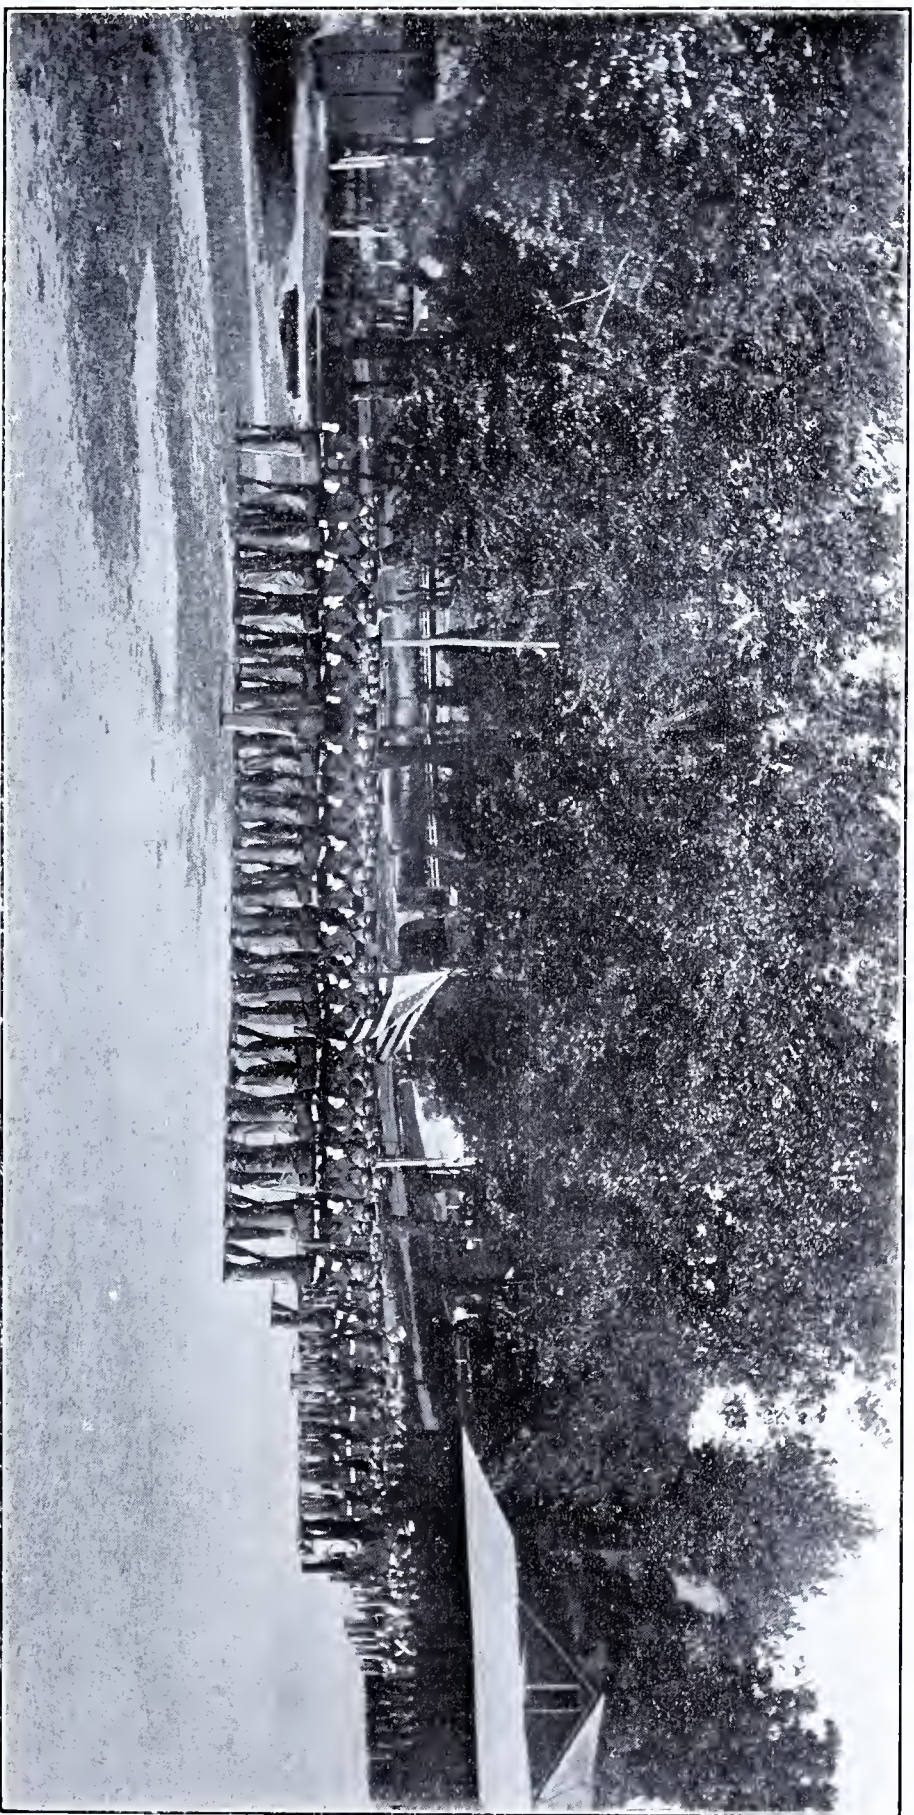

Gentlemen: I have the honor to submit the eighteenth annual report of the Chester Springs Soldiers' Orphan School. There were on the roll, June 30th, 1907, 277 pupils. There have been added during the year, on order, 47 and by transfer from the Jumonville Soldiers' Orphan School, 108, making a total enrollment during the year of 432 pupils. During the same period, there were discharged, on age, three, and by transfer to the Industrial School at Scotland, Pa., 103. We are deeply pained to have to record the death of two pupils, making our total loss for the year, 108, leaving on our roll June 30th, 1908, 324, 210 boys and 114 girls.

Of the two deaths reported, Flossie Robinson, a very delicate girl of thirteen years, evidently tuberculous when admitted, was attacked with Cholera Morbus during the night of September 18th, 1907, and suddenly collapsed, dying within half an hour. She was buried with appropriate services in our burial plot in Vincent Cemetery.

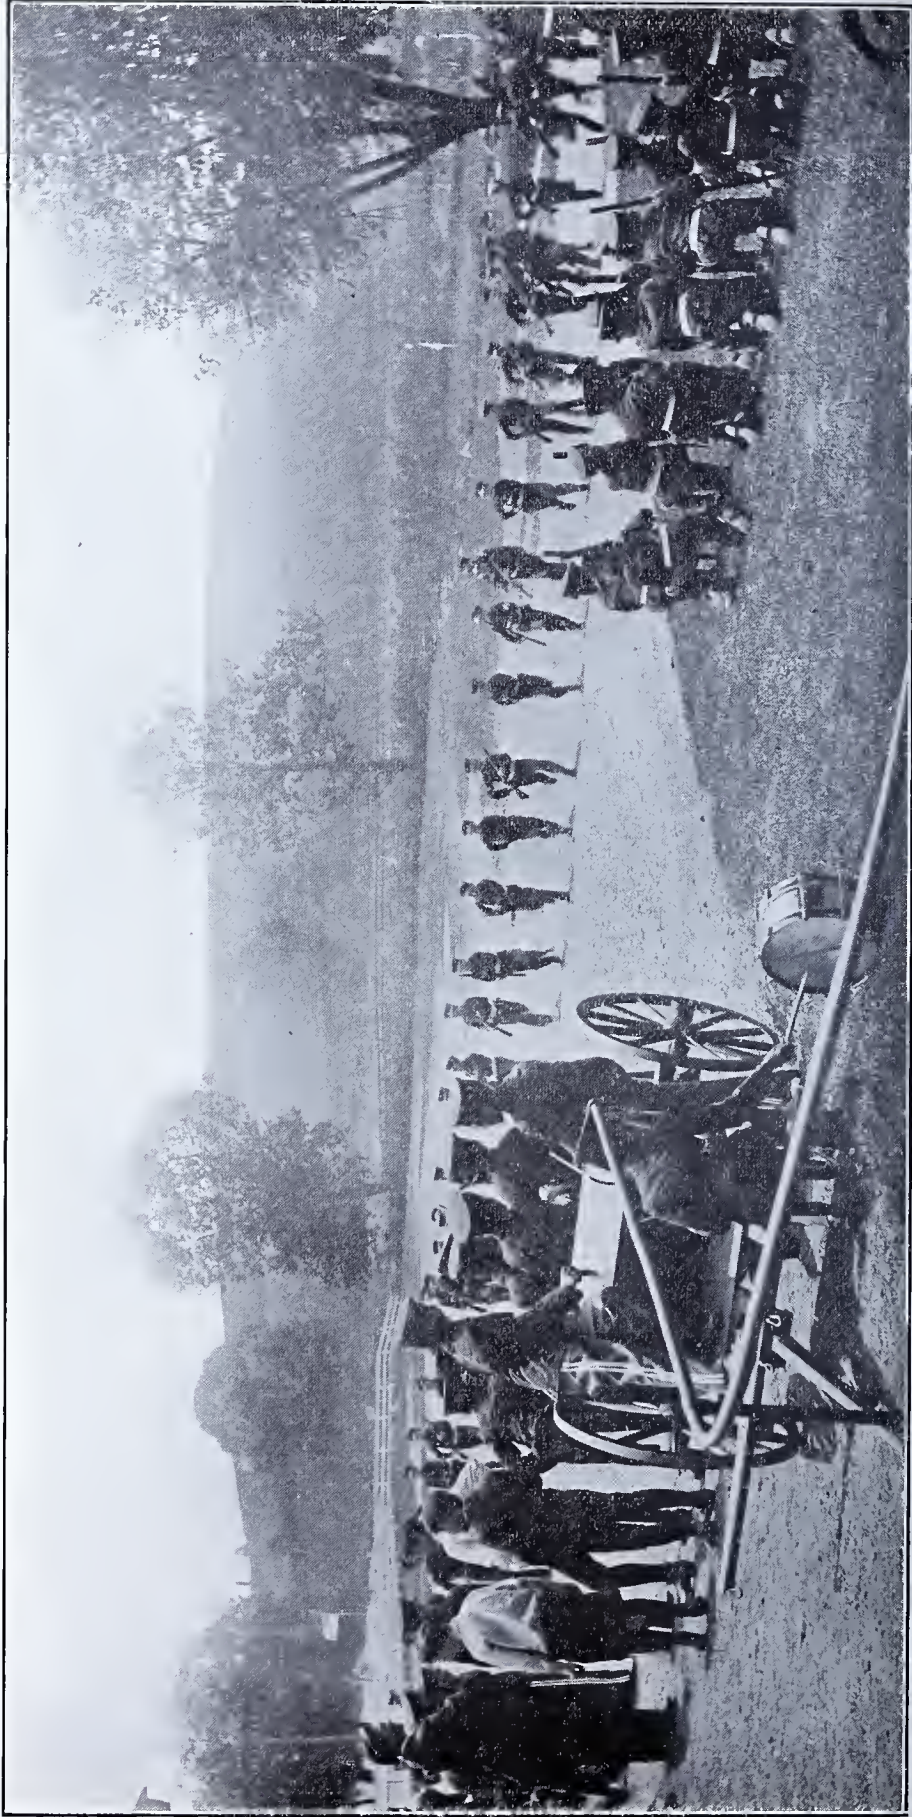

The other one, Mary Carl, eight years old, known to every one as "Sunny Jim," by reason of her cheerfulness and sunny smiles, died after a few days illness of Brain Metastasis from Mumps. She was taken to her mother's home in Williamsport, Pa., for interment.

During the year our school has been free from any contagious or epidemic disease, and when we consider the fact that our children are very young, many of them being under six years of age, subject to all the diseases incident to childhood, we cannot adequately express our gratitude to the great Giver of life and health, for His goodness in thus preserving the health and lives of the little ones. It is also a source of great pleasure to note, that the parasitic disease with which we have so long been troubled, Tinea Tonsurans, Ring-worm of the scalp, has through the untiring watchfulness and thorough work of our most efficient nurse Mrs. Emma Cochran, been entirely overcome, not a single case existing at this time.

The educational work of the year under the efficient charge of Prof. Ira D. McCord and his able corps of teachers, has been very successful. The evidence of this was given, not only by the manner in which the pupils acquitted themselves at the annual examination but by the expressions of commendation uttered by members of your honorable body and many other prominent people attending our commencement exercises.

Battalion Drill, Chester Springs Soldiers' Orphan School, 1908.

Sham Battle, Battalion, Chester Springs Soldiers' Orphan School.

The work of the Military Instructors and Matrons was esteemed equally thorough and successful, as was attested by those who witnessed the boys in their military drill and the girls in marching, dress and deportment. The Department Commander paid most critical attention and was most emphatic in his words of praise.

General Geo. A. McCall, Post Number 31, G. A. R. of West Chester, Pa., as always interested in the welfare of our little ones, sent its committee to make its annual inspection. The report of the committee is enclosed and is offered as additional evidence of the satisfactory condition of the school.

The presence at our annual closing exercises, June 19th, 1908, on the part of the Commission, of Hons. T. M. Mahon, Chas. E. Quail, J. C. Stineman, John H. Riebel, Thos. V. Cooper, General J. P. S. Gobin and Col. Jas. F. Morrison, and representing the G. A. R., Department Commander, Captain P. Delacy with his Inspector Wm. J. Wells, was a source of gratification, evidencing a deep interest in the welfare of the children committed to their care. The presence also of Col. R. H. Holgate a former member of the Commission, always interested in the Soldiers' Orphan Schools was very much appreciated. Major S. G. Willauer the genial inspector was also present and expressed his satisfaction at the condition of the school and its surroundings.

The absence of Major L. G. McCauley on account of illness, was noted, and regretted by all. It was the only time in all the years he has been connected with the Soldiers' Orphan Schools, that he has not been present at the closing exercises of the Chester Springs school. To say that his presence was missed, would be putting it too mildly, for his active interest in everything pertaining to the exercise and his strong personality were always most inspiring.

Mrs. Emma Lauderbach, Past President of the Ladies of the G. A. R. was present and through the Department Commander, presented to the school, on behalf of the Order, a splendid picture of our martyred President, Abraham Lincoln, which was accepted in the name of the Commission in an appropriate, patriotic address by General Gobin.

The picture has been placed in a conspicuous place in the Chapel, in full view of the boys and girls as they assemble each morning and evening, where they can look upon the face and form of one, who by indomitable will and unconquerable courage rose from a log cabin to the White House, and by his gentle, kindly courtesy to all, won the love of all, even his one-time enemies, and can thus have their young minds attuned to the possibilities which lie within the reach of those who aspire to great and good things in life.

I will not in this report refer to the work in the various departments of the institution. What has been written in former reports in this regard would necessarily have to be repeated. All have been interested in making the year a successful one.

Religious services have been maintained as in former years, chapel services each week-day and Sunday School or preaching by one of the local pastors each Sabbath. The moral and religious training of the children receive most careful attention. It is our aim to so train the boys and girls along these lines, that their after lives may be so ordered as to be a blessing to others, and they, as earnest, honest christian men and women be a credit and an honor,

not alone to this school, but to their community, the State which cared for them and their country.

I cannot deny myself the pleasure of noting a most satisfactory and enjoyable event which occurred August 3rd, 1907. It was the occasion of the reunion of the sixteeners of the Chester Springs Soldiers' Orphan School. They, with their wives or husbands (as the case might be), accompanied in some instances by nearly grown up children, (for some of them had left the school at sixteen years, thirty years ago), to the number of more than four hundred assembled to enjoy the day by renewing the associations and friendships of by-gone years. Among the number were professional and business men and women who had made life a success, and it was most gratifying to all who are interested in the Soldiers' Orphan Schools to witness the gathering and listen to the conversation of such a large number of eminently respectable, well doing people, and here them ascribe their success in life to the discipline and training received in the Chester Springs School.

The holidays of the year were spent and enjoyed in the usual manner, Thanksgiving, Christmas and Easter with appropriate services.

Memorial Day, on account of an invitation received from Lt. Josiah White Post No. 45, G. A. R. of Phoenixville, to unite with the Comrades and Sons of Veterans, was observed with them on Sunday May 24th, at Vincent Baptist Church, where after an earnest, patriotic sermon by the pastor, Rev. C. H. Wilson, the usual memorial services were rendered and the graves of the comrades and pupils of the school who lie buried there were strewn with beautiful flowers.

The services were most impressive and the part taken in them by our school, was commended by all. In appreciation of the assistance rendered, Lt. Josiah White Post presented the school with a beautifully designed and executed memorial certificate of thanks.

The school year has ended, its record made. Before the book was closed, a transfer of fifty of our oldest pupils was made to the Industrial School at Scotland. We are confident they will take with them the evidence that the time has not been lost or even misspent, not only by the average given them in their several grades in their school work, but by their deportment and kindly courtesy to all.

I am Sirs, very respectfully yours,

DR. M. B. HUGHES,
Superintendent.

REPORT OF COMMITTEE OF POST NUMBER 31, G. A. R. ON SOLDIERS' ORPHAN SCHOOL, CHESTER SPRINGS.

West Chester, Pa., June 19, 1908.

We the undersigned committee of Gen. Geo. A. McCall Post No. 21, G. A. R. have attended to the duty assigned us in connection with the Soldiers' Orphan School at Chester Springs, Pa. We made the annual visit of inspection on the occasion of the closing exercises of the school, June 19th, and found everything in perfect order, discipline excellent, which combined with scrupulous cleanliness, accounts for the excellent health of the school, which is an admirably managed institution.

The Superintendent and his Staff are to be congratulated on the success which has followed earnest, harmonious effort.

The Principal and his assistants who have had a wide experience in educational work, have rendered excellent services, as was evidenced by the manner in which the pupils acquitted themselves in the closing exercises in the school-room.

That the Military Instructors and Matrons have been equally zealous and successful in their work needed no other proof than was afforded by the gentlemanly and ladylike deportment of the boys and girls, their neatness in dress and the military precision with which the boys went through the manual of arms and battallion drill, and the girls marched.

We were cordially received and nicely entertained, and invited to come again.

There are 210 boys and 114 girls in the school, many of them under eight years of age.

Signed.

UNIONTOWN SOLDIERS' ORPHAN SCHOOL.

Jumonville, Pa., June 30, 1908.

Commission Soldiers' Orphan Schools, Harrisburg, Pa.

Gentlemen: I beg to submit this the forty-second annual report of the Uniontown Soldiers' Orphan School, which is likewise the final report of this institution.

On the 19th day of September, 1866, the doors of this institution were opened, by Rev. A. H. Waters, for the reception of the first pupil.

The Civil War had just closed the year before, and the buildings of Madison College, in Uniontown, Pa., which had lost its patrons on account of the war, had been secured for the purpose of a Soldiers' Orphan School, these institutions then being organized throughout the State.

The Hon. Andrew Stewart, often called "Tariff Andy," because in his long career as Representative in Congress from this district, he was an earnest advocate of the tariff; was then owner of the Madison College property. He entered very enthusiastically into the project and added a number of new buildings for the accommodation of the school.

This property was occupied by the school for eight years, when, with the advice and consent of Hon. J. P. Wickersham, Superintendent of Public Instruction and also of Soldiers' Orphan Schools, the institution was removed to the present location, then known as Dunbar's Camp, on Laurel Ridge, a point on the Allegheny Mountains five miles from Uniontown and at an elevation of about 2,200 feet above sea level.

The removal took place on the eighth day of April, 1874. For more than thirty-four years the school has been maintained at this place, when, a few years after the location of the school here a post-office was established and given the name Jumonville.

Rev. A. H. Waters continued as superintendent of the institution from the time of its organization until 1890, a period of twenty-four years, at which time, the year after the organization of the Commission of Soldiers' Orphan Schools, the undersigned was appointed manager and superintendent and has continued in that position till the final closing of the school.

During the life of the school there have been admitted on order 2,046 pupils, and by transfer from other schools 395, a total of 2,441.

Of these there have been discharged on age, 1,025; on order, 498, and by transfer, 885. In the forty-two years of its continuance there have been thirty-three deaths, five of these from accident, and several when the pupils were away on their vacation.

It is a source of pride and gratification that so large a proportion of those sent out from this school have made a success of life, not in the narrow sense that many of them have acquired great wealth,

but that they are honorable, worthy, respected and self-respecting citizens of this great Commonwealth.

They are occupying positions of honor, trust and responsibility in the various walks of life, in business, in the profession of teaching, in the ministry, in medicine, at the bar and upon the bench.

They are doing what the State of Pennsylvania expected of them, when in their helpless years she threw around the argis of her protection, thus in small part paying a debt of gratitude she owned to their fathers, and expecting no other return than in intelligent, useful citizenship. And this return the men and women educated in these schools are now making.

The final closing exercises of the Uniontown school were held on the tenth day of June. The Commission of Soldiers' Orphan Schools was represented by Hon. Thad. M. Mahon, Gen. Levi G. McCauley, Col. A. P. Burchfield, Hon. Geo. M. Patterson, Maj. S. G. Willauer, Inspector and Capt. J. Henry Holcomb, Financial Clerk.

A large number of former pupils and employes were present, a large delegation of the Grand Army Post of Uniontown and the Ladies' Circle, representatives from the Association of Grand Army Posts of Allegheny county, and many other friends of the school.

The formal closing exercises were opened with an invocation offered by Rev. T. E. Boord, a former pupil.

An address of welcome was made by the Superintendent who had been present at every annual "examination" or "commencement," since the organization of the school, as pupil, teacher, principal or superintendent.

In response to the address of welcome a letter of regret was read from Hon. Thomas J. Ford, of Pittsburg, who was to have responded on behalf of the former pupils, but who was prevented by important court business from being present.

Mr. A. I. Ellis, of Uniontown, voiced the sincere regrets of the G. A. R. Post of that place at the closing of the school with which they had for many years been intimately associated and deeply interested.

Rev. T. N. Boyle of Pittsburg, always ready and always forceful, spoke in behalf of the G. A. R. Posts of Allegheny county; Hon. E. H. Reppert, in a feeling and earnest address responded in behalf of the citizens of Uniontown and vicinity. Gen. L. G. McCauley and Hon. Thad. M. Mahon responded in behalf of the Commission of Soldiers' Orphan Schools.

With these closing exercises, and closely following them the departure of teachers and employes and the transfer of the children to other schools, the Uniontown school became a thing of history.

And thus the great work of the Commonwealth in caring for the children of her defenders, is gradually drawing to a close. A few years more and this beneficial work which has continued nearly half a century, will have been consummated, and in its place, it is the hope of many patriotic citizens, the great State of Pennsylvania will gather under its sheltering protection another class of children whom disease and great calamities have robbed of their natural protectors, and train them into good, intelligent and useful citizens.

It is pleasing to reflect that the last year of the school's history should have been one of the most pleasant and harmonious. Teachers and employes without exception were faithful in the performance of their duties and loyal in their support of the manage-

ment of the school, and we take this occasion to express our appreciation of their good work which rendered possible whatever success may have been attained.

To the Commission and inspectors we extend our thanks for the considerate treatment accorded us at all times.

And with this last official act we lay down the pen with mingled feelings. There have been trials, annoyances, worries, difficulties through disobedient pupils, unworthy employes, mendacious meddlers and scurrilous slanderers. These we seek to forget. There have been many bonds of friendship formed with pupils and employees. These we will always cherish. There doubtless have been mistakes and misunderstandings. These we regret. The ultimate results of our years of labor for good or for ill will only be known when the Great Book is opened and the final verdict is rendered.

Very respectfully,

J. A. WATERS,
Superintendent.

PENNSYLVANIA SOLDIERS' ORPHANS' INDUSTRIAL SCHOOL.

Scotland, Pa., June 30, 1908.

Commission of Soldiers' Orphan' Schools, Harrisburg, Pa.

Gentlemen: I have the honor to submit the thirteenth annual report of the Soldiers' Orphans' Industrial School, located at this place, with the accompanying reports of the heads of the principal departments thereof.

Having held the position of Superintendent during the last eight years, it is to be presumed that I should be able to form something like a correct estimate of the character of the work being done and the progress being made in the various departments of the institution. I think I do not put it too strongly when I say that from the time the school opened, June 1, 1895, until the present, there has been a steady progress toward higher and better attainments in every department. We have now arrived at that stage in the history and development of the institution when we can point with pride to its record and invite the criticism of any who may be disposed to find fault with our system of mental and manual training. To have sound minds in sound bodies has been our greatest aim. That we have measurably succeeded in this desire is evidenced by the fact that our boys and girls who have gone out from us during former years have, with few exceptions, found suitable and remunerative employment and have otherwise rendered a good account of themselves.

The low death rate of only one death in more than eleven years, with an average population of three hundred children, shows conclusively the good effect of our system of physical training and strict regard for all sanitary rules and regulations. I very much doubt if any similar institution in the country can show a better health record.

The success of the institution along the lines mentioned is undoubtedly largely due to the policy of your Commission in seeking to give us the very best of everything required for the proper running of the school, not only in the way of equipment, but in the general character and qualifications of those selected for the various subordinate official positions. Efficiency, rather than favoritism, and the retention of those who have proved their efficiency by many years of faithful service seems to have been the only guiding principle in the selection of such employees.

The erection during the year of another building and the changes and improvements in former buildings will add much to the convenience and comfort of both pupils and instructors during the coming school year and will enable us to properly care for the increased number of pupils to be assigned.

It may be worthy of mention here to say that the utmost harmony and good feeling has prevailed among the instructors and other employees during the year and that all have earnestly striven to do the

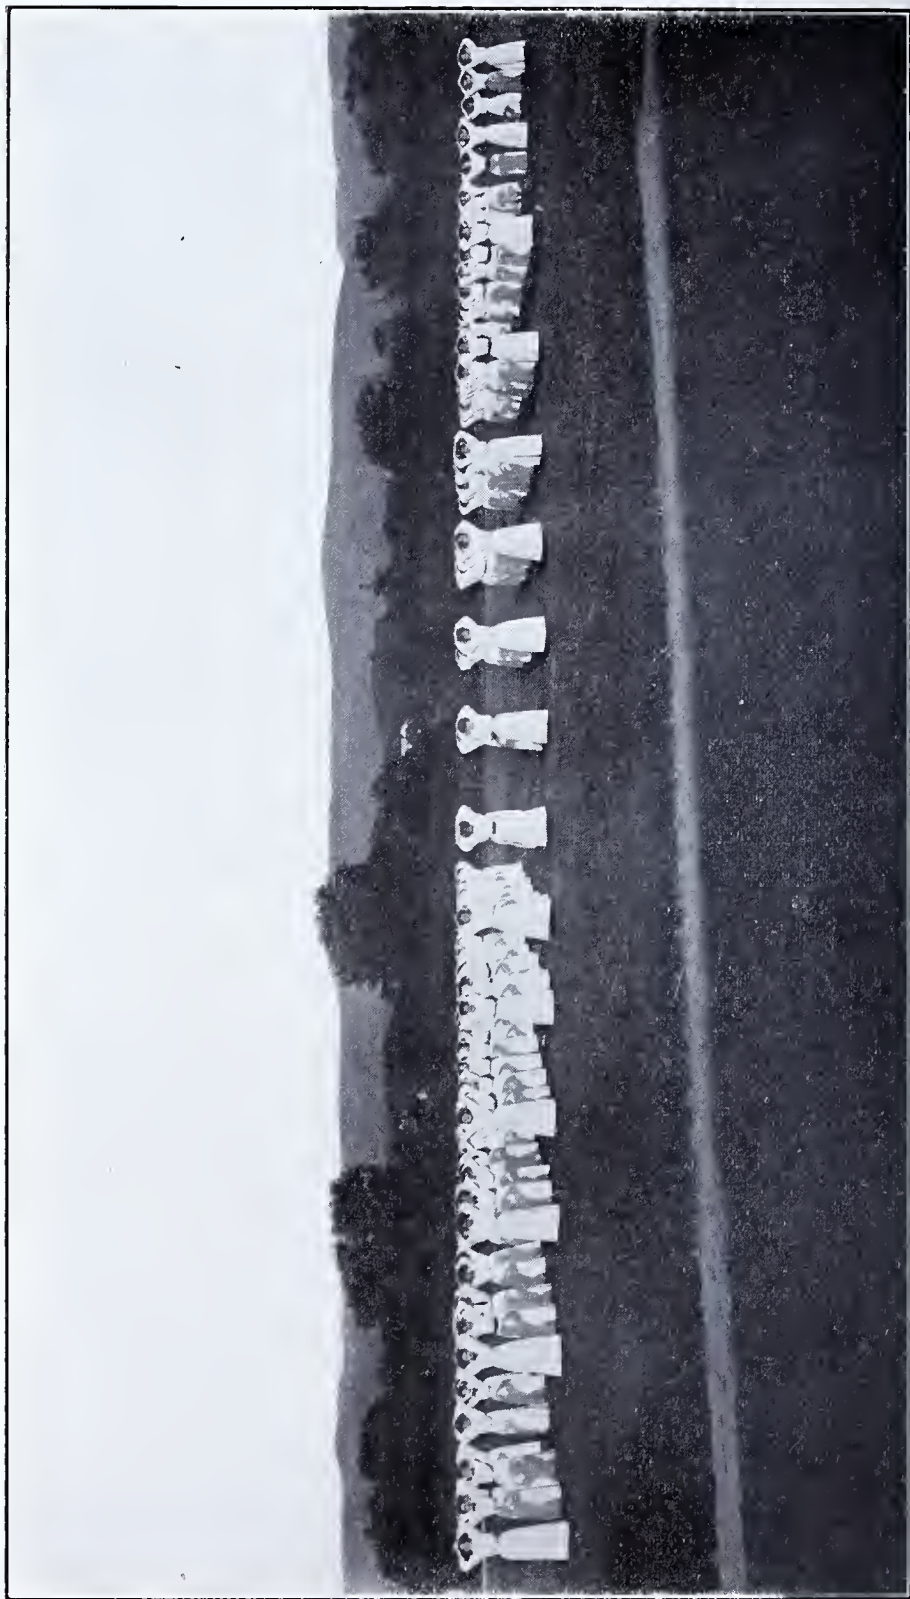

work assigned them and do it well. To their faithfulness and to the good conduct and cheerful obedience of a great majority of the pupils should be ascribed above all the credit for having made the past year one of the most successful in the history of the institution.

In every effort for the good of the institution we have been earnestly supported by each member of the Commission and it is a pleasure to record the fact that during their frequent visitations and close inspection of every department they have found little to condemn but much to commend.

Thanking all who have so cheerfully aided in supporting the best interests of the school during the year.

Very respectfully yours,

GEORGE W. SKINNER,
Superintendent.

Girls' Calisthenic Class, Soldiers' Orphans' Industrial School, 1908.

EDUCATIONAL, MILITARY, STENOGRAPHY AND TELEGRAPHY DEPARTMENTS.

Capt. Geo. W. Skinner, Superintendent, Soldiers' Orphans' Industrial School, Scotland, Pa.:

Dear Sir: I herewith submit the thirteenth annual report of the Educational, Military, Stenography and Telegraphy Departments.

The surrounding conditions of 1908 at Scotland were very similar to those of 1907 and consequently like results were accomplished. The distinguishing feature of the year in class-rooms was faithful and consistent work every day. Each day had its prescribed duties and each evening brought its results.

Only the National holidays were observed but these were passed in a way to impress on the minds of the children the true significance of such celebrations.

The daily chapel services and weekly Sabbath School classes were conducted with regularity. All the members of the faculty join in the Sabbath teaching and the classes have shown excellent training along this line. Rev. Wine, of Scotland, preached in the school chapel on each alternate Sabbath afternoon.

The general conduct of the children has been excellent, and with added liberties and responsibilities the older and advanced pupils have shown themselves worthy of the trust reposed in them.

Under the direction of experienced teachers, the higher grade pupils have been required to teach classes in lower grade work. This they have done in a surprisingly competent manner.

A class of twenty-two girls and ten boys was graduated on June 23d. Dr. Wm. Irvine, of Mercersburg Academy presented the diplomas.

Stenography and Telegraphy Department.

This department has been run to its full capacity during the entire year and a competent class of boys and girls left school to seek employment along their chosen lines. The course of instruction in vogue has been very successful and pupils completing the course seldom fail to get lucrative employment. However, only those qualified by standing in school work can enter upon the work of this department.

MILITARY AND PHYSICAL CULTURE.

The usual variety and excellence of this branch of the work has been maintained. The actual work of these branches has been done by Major P. M. Johnson, Assistant Military Instructor, and Sarah Thompson, Assistant Matron. More boys and girls participated in the prescribed out-door sports than ever before.

The foot-ball team has not had an equal and the base-ball team has not had a superior in the history of the school. Croquet and

tennis are the favorite games indulged in by the girls and a number of excellent players have been developed.

In closing I repeat my thanks to superiors for support and counsel and to subordinates for cheerful obedience and co-operation.

Respectfully submitted,

W. C. BAMBRICK.

INDUSTRIAL DEPARTMENT.

Capt. Geo. W. Skinner, Superintendent, Soldiers' Orphans' Industrial School, Scotland, Pa.:

Sir: I submit herewith the thirteenth annual report of the Industrial Departments of this school.

During the year just closed there have been several changes in the corps of employes by resignation, and their successors appointed by the Commission. They have all given entire satisfaction. Miss Lida Englerth, Tailoress, August 30, 1907, succeeded by Miss Ruth Etter. Miss Mary E. Hayne, laundress, August 30th, 1907, succeeded by Miss Carrie Mellen. Mr. Joseph Edgar, engineer at the pumping station, November 30th, 1907, succeeded by Wm. Mills who has been transferred from the position of night engineer at the main power room, Geo. Fuller being appointed to succeed Wm. Mills as night engineer.

The method of instruction in these departments has been about the same as in previous years, the half-day period; one-half the pupils assigned to each department being in school while the other half were in their respective departments, unless detailed temporarily for some other duty.

There has been no change in the equipment of any of these departments in the past year except in the power room. The Junior Westinghouse Engine, which had been very unsatisfactory here for our work on account of its peculiar construction, was taken out, and a Harrisburg Standard installed in its place, which is doing the work very satisfactorily. The work required to make this change, such as setting the engine, change of piping, etc., was all done by the employes and pupils of the department in this line of work.

The erection of the new Auditorium and kitchen, and the alterations in the old kitchen necessary in order to adapt the interior of the same for dish-washing room, bread-room, refrigerator-room and addition to main dining hall, required considerable work outside of the contract, which only included the erection of the new kitchen and placing partitions in the old kitchen. This work, as far as possible, was done by the instructors and pupils in the Wood and Machine Departments, and Wm. Mills, engineer at the Pumping Station, who did the electrical wiring.

The moving of ranges, steam boilers, and fixtures, from the old to the new kitchen while school was in session required, at times, some very rapid working in order not to interfere with the meals and the regular work of the school.

In addition to the work inside, the old fire escape on the rear of the old kitchen, which had to be removed to make room for the new kitchen, was rebuilt in the machine department and placed on the side of the old kitchen. In this department two fire escapes complete were also constructed and placed on the new Auditorium.

On account of the work done in connection with the new buildings in the past year, the material on exhibition at annual commence-

ment in the Machine and Wood Departments, in quantity, was not up to other years, but the quality was fully up to the standard, in fact I consider the roll top desks made in the Wood Department the best work ever turned out in that department.

The new kitchen work is all complete and has been for some time. The Auditorium is so far completed that we held the annual commencement in it and I have no doubt it will be all finished and ready for occupancy when school opens September 1st.

In the Printing Department, same as other years, the School News has been issued regularly on the second and fourth Thursday of each month, and other printing for use at this school, letters-heads, envelopes, blanks for various departments and also for the Chester Springs School.

All the girls clothing as usual was made in the Dressmaking Departments as follows:

Number.	Description.	Estimated Cost.
32	Woolen dresses,	\$194 25
279	Cotton dresses,	371 25
125	White Lawn dresses,	187 50

555	Crash towels,	66 60
200	Napkins,	10 00
		<hr/>
		\$1,152 12
		<hr/>

All uniforms for boys, Assistant Military Instructor, and Band Instructor, also the citizens suits for the graduates were made in the Tailoring Department as follows:

Number.	Description.	Estimated Cost.
348	Trousers, boys,	\$990 00
268	Coats, boys,	804 00
45	Graduating suits, boys,	360 00

Assistant Military Instructor.

2	Coats, uniform,	8 00

Band Instructor.

1	Suit, uniform,	7 50
---	----------------------	------

\$2,179 50

All work required in the Laundry, Mending Department and Shoe Department in the past year has been done in a very satisfactory manner.

Before closing this report permit me to call your attention to the condition of the boilers both at the main boiler room and Pumping Station. They are beginning to show their age. In the past year I have found it necessary to take out a number of tubes and make other repairs. They are inspected regularly by the Hartford Boiler Inspection and Insurance Co.

Respectfully submitted,

WM. H. STEWART,
Superintendent of Industries.

MEDICAL DEPARTMENT.

Capt. Geo. W. Skinner, Superintendent, Soldiers' Orphans' Industrial School, Scotland, Pa.:

My dear Captain: I have the honor to herewith hand you my report of the Medical Department of the Soldiers' Orphans' Industrial School, for the year ending June 30, 1908.

When nearly three hundred children, coming from over two hundred homes and nearly as many communities, assemble in one building as at Scotland, they necessarily bring with them, either on their persons or in their trunks, the germs of many contagious diseases; with each transfer of children from other schools, diseases prevailing there, if any, are brought along. Every time a child leaves the school to visit his or her home, even for a day, there is danger that he or she may return with the seeds of disease planted that may not only sicken the child, but endanger the school to the extent of an epidemic.

At Scotland, as in all other well managed schools, the work of preventing disease and sickness is as great, if not greater than the actual work of caring for the ill.

The usual school diseases and about the same number of cases were treated during the year. About the same number of accidents, cuts, bruises, sprains, dislocations and fractures occurred as during other years.

The school was threatened with an epidemic of scarlet fever in May. Three cases developed, and were strictly isolated until well and all danger had passed.

I know you and all others who are interested enough to read this report are more anxious to know that our efforts, whether to prevent or to cure sickness were successful, that none who were injured were permanently maimed; that none who were ill died; and that all who were at the school when vacation time came were well, healthy looking and happy.

Thanking you and all who helped make my work pleasant and effectual, I am,

Very truly,

W. F. SKINNER.

Band and Battalion, Soldiers' Orphans' Industrial School.

BAND AND ORCHESTRA.

Captain Geo. W. Skinner, Superintendent, Soldiers' Orphans' Industrial School, Scotland, Pa.:

My dear Sir: I have the honor to submit a report of the band and orchestra for the year that has just closed. At the beginning of the term I organized the band with forty-five pieces. Of this number, nineteen were new boys.

The orchestra numbered fourteen pieces, all members of the band. Our music was all standard. We furnished music for all drills and dress parades during the winter and gave a number of concerts for the pupils during the winter. We furnished music away from the school for the following events: Chambersburg Hospital Tournament; Installation of Officers of the Chambersburg Post of the G. A. R.; Parade and Campfire of the G. A. R. in Newville, Pa.; funeral of Post Commander Brown of the Chambersburg Post, and on Memorial Day at Chambersburg and Scotland.

Our last concert was given in the new Auditorium the night before commencement and the orchestra furnished music on Commencement Day.

The band and the orchestra had a number of invitations they could not accept owing to the pressure of school duties.

The deportment of the boys was always commendable.

In conclusion, I want to thank you and all interested for many courtesies.

Most respectfully,

CHARLES E. MENTZER,

Instructor Band and Orchestra.

LAWS REGULATING SCHOOLS.

ACT OF 1867.

To provide for the continuance of the education and maintenance of the destitute orphans of the deceased soldiers and sailors, and the destitute children of permanently disabled soldiers and sailors of the State.

Whereas, Several considerable appropriations have been expended, for the proper education and maintenance of the destitute children of the men of Pennsylvania, who died in defense of the Union during the late rebellion;

And whereas, it is incumbent upon the State to continue this provision for those children who are now hers;

And whereas, The experience thus far acquired, in the performance of this duty, now enables the Legislature to regulate, by statute, the largely discretionary powers heretofore exercised in the premises; therefore,

Section 1. Be it enacted, &c., That the Governor of this Commonwealth is hereby authorized and required to appoint by, and with the advice and consent of the Senate, a State Superintendent of Soldiers' Orphans, for three years, from and after the date of said appointment, to be subject to removal, for cause, as other officers appointed in like manner, are now, whose office shall be at Harrisburg, whose salary shall be the same as that of the State Superintendent of Common Schools, and necessary traveling expenses, and who shall give bonds, with three sureties, to be approved by the Auditor General, and filed in the office of the Secretary of the Commonwealth, in the sum of twenty thousand dollars, for the faithful performance of his duties; the Superintendent shall have power to appoint one clerk and the Governor one male inspector and examiner, and one female assistant, each at a salary not exceeding one hundred dollars per month, and necessary traveling expenses, to inspect and examine the Soldiers' Orphan Schools hereinafter provided for: Provided, That said Superintendent shall not, during the period of his superintendency, have any pecuniary interest in any of the said orphans' schools.

Section 2. That the State Superintendent of Soldiers' Orphans is hereby authorized and empowered to contract with the trustees, proprietors, or principals of institutions now employed as soldiers' orphans' homes and schools, possessing such good and sufficient accommodation as said Superintendent may approve, and of such other like institutions as may be necessary for the proper care, and main-

tenance and education, at the expense of the State, and until the age of sixteen years of the destitute orphan children of all such deceased mother be dead, or has abandoned such orphans, but all applications must be approved by the board of school directors, controllers, or superintending committee of the district, ward, or city in which the mother resides, if she makes the application, or in which the orphans reside, in other cases, and the Superintendent may acquire such other certificate, from superintending committee, which committee shall be appointed and hold office at the discretion of the Superintendent, and by and with the consent of the Governor, or from such other sources as he may deem necessary.

Section 6. That the said Superintendent be and is hereby authorized and directed to procure a school or schools, or home or homes for the children of the colored soldiers and sailors who fell in the recent rebellion, subject to the same regulations and restrictions provided in relation to the education and maintenance of the orphans of our white soldiers and sailors: Provided, That when he may deem it expedient to do so, the said Superintendent may waive the restriction in regard to number and acres and extent of accommodation in the case of schools or homes for colored orphans.

Section 7. That all contracts made by said Superintendent shall be characterized alike by a wise economy and a just regard for services rendered, and that no contract shall be made for a longer period than one year, unless with the sanction of the Governor, and in cases in which it is clearly the interest of the State to contract for a longer period, such period in no case, however, to exceed five years: Provided, That all the contracts made under this act may be annulled at any time for failure to fulfill the conditions of such contracts on the part of any contractor, of which failure the Governor and Superintendent shall be the judges; and that every such contract shall be made upon the condition of the continuance of said Soldiers' Orphan Schools by the Legislature of the State.

Section 8. That the said Superintendent may, with the consent of the Governor, afford partial relief in kind, not exceeding thirty dollars per annum for each orphan, in case where, in his judgment, it is proper to suffer the orphans to remain with their surviving parents, or relatives, or guardians, and to receive instruction in the public schools of the Commonwealth.

Section 9. That all bids for the maintenance and education of the soldiers' orphans shall be paid quarterly, by warrant drawn directly upon the State Treasurer, signed by the Superintendent of Soldiers' Orphans, who shall file a receipted bill for the same in the Auditor General's office before issuing the next quarterly warrant, which the State Treasurer is hereby forbidden to pay until such receipted bill is thus filed: Provided, That all amounts appropriated for the purchase of clothing, and the payment of partial relief, salaries and incidental expenses, may be drawn by the State Superintendent of Soldiers' Orphans, upon the warrants of the Governor, and the bills for the same settled semi-annually, at the Auditor General's office, in the usual manner.

Section 10. That the Superintendent of Soldiers' Orphans shall require monthly, quarterly and annual reports, according to such form as he shall prescribe, from each institution receiving soldiers' orphans' at the expense of the State; and that said Superintendent

shall, not later than the first day of December, one thousand eight hundred and sixty-seven, and annually thereafter, make a detailed report to the Governor of this Commonwealth, of all the soldiers' orphans under his charge, their condition and progress, the number of each respective age, from four to sixteen years, and such other information as he may deem expedient, together with the statement of receipts and disbursements by item, and estimates for ensuing years.

Section 11. That when any of said orphans shall have arrived at the age of sixteen, or sooner, if deemed expedient, said Superintendent shall, at the written request of said orphan, and of his or her mother, guardian or next friend, put or bind him or her out to such trade and employment, and to such master or mistress, or employer, as shall thus be requested, and for such terms as shall expire, if a male, at or before the age of twenty-one, and if a female, at or before the age of eighteen years; in which indenture or apprenticeship, there shall be included such covenants for the future education of the orphan as said Superintendent may prescribe; and such apprenticeship shall be in all other respects, not herein provided for, subject to the provisions of the act of Assembly relating to masters and apprentices, and the supplements thereto.

Section 12. That upon arrival at the age of sixteen years each of said orphans who shall not desire to be apprenticed to a trade or employment, shall be restored to the mother, guardian, or next friend, with a full outfit of clothes, and a certificate signed by the Superintendent and the principal of the proper school, showing his or her moral standing, and literary and industrial attainments and qualification.

Section 13. That the year, for all operations under this act, shall begin on the first Monday of June in each year, and end on the day preceding the first Monday of June of the next succeeding; and all appropriations, hereafter made, shall be for the year, as herein determined, and made in like manner, and at the same time, as appropriations are now made for the general expenses of the government.

Section 14. That all acts or parts of acts, heretofore passed, and inconsistent with this act, be and they are hereby repealed.

ACT OF 1889.

To provide for the continuance of the education and maintenance of the destitute orphans of deceased soldiers, sailors and marines and the destitute children of permanently disable soldiers, sailors and marines of the State.

Whereas, On the first day of June, one thousand eight hundred and ninety, as appears from the report of the Superintendent of Public Instruction, there will be left under the care of the State and undergoing education in the soldiers' orphans' schools, about fifteen hundred and forty-nine children whose ages will range at the date from five to sixteen years:

And whereas, The greater number of these children have no homes and no persons to maintain and educate them, and the people of the Commonwealth are desirous that they shall be maintained at the public expense; therefore,

Section 1. Be it enacted, &c., That the Governor and five members of the General Assembly, consisting of two Senators and three members of the House of Representatives, who shall be appointed by the President pro tempore of the Senate and the Speaker of the House, respectively, together with a committee of five honorably discharged soliders, members of the Grand Army of the Republic, be and the same are hereby constituted a Commission, who shall have power and authority vested in them under this act, from June first, one thousand eight hundred and eighty-nine, to take charge of all children then in the Soldiers' Orphan Schools, or other institutions employed as Soldiers' Orphan Homes and Schools.

ANNUAL REPORT

OF THE

Pennsylvania Commission of Soldiers' Orphan Schools

FOR THE

YEAR ENDING MAY 31, 1909.

To the General Assembly of the Commonwealth of Pennsylvania:

Gentlemen: Herewith as required by act of Assembly, we submit the Annual Report of the Soldiers' Orphan Schools Commission, having charge of the proper conduct of the schools authorized and established by the laws of the Commonwealth.

May 31, 1909, marked the end of the forty-fifth year of the existence of these schools, and the twentieth year of their management by the Soldiers' Orphan Schools Commission, under the provisions of the act of General Assembly, approved May 25, 1889, and its supplements.

During the year just ended, many improvements and changes were made in the schools; the Commission abandoned the Uniontown Soldiers' Orphan School, transferring the pupils from that school to the Center Springs and Scotland Soldiers' Orphan Schools, both of which conditions required much careful supervision and many important improvements at the Soldiers' Orphan Industrial School.

The detailed reports of the Superintendents of the two schools and the records of the office herewith submitted, show that there were seven hundred and thirty-nine pupils, lawfully under the care of the State at the close of the year ending May 31, 1909, and that these children were classified as follows:—

Males under the age of five years,	3
Males between the ages of five and ten years,	89
Males between the ages of ten and fourteen years,	152
Males between the ages of fourteen and eighteen years,	216
Females under the age of five years,	2
Females between the ages of five and ten years,	50
Females between the ages of ten and fourteen years,	99
Females between the ages of fourteen and eighteen years, ..	128

The Annual Reports of the Superintendents and the heads of departments of the schools in this report, show the most excellent condition in both schools. The educational department of the Soldiers' Orphan Industrial School, under its principal, Col. W. C. Bambrick; the industrial departments, under the supervision of Mr. W. H. Stewart, Superintendent of Industries, the high efficiency of the

land, and of all departments of the school is evidenced by the success attained by the pupils at their graduation from the school by the reports. The Commission adds that it is greatly pleased with the harmonious and concerted action upon the part of the Superintendents, principals, teachers, matrons and other employes of the schools, in carrying out the wishes and requirements of the guardian of these soldiers' orphans, the great State of Pennsylvania. It is with great pleasure we report to you that during the year there was but one death among the nearly eight hundred pupils in the two schools, an account of which will be found in the report of the Superintendent of the Chester Springs School. The excellent sanitary condition of the buildings and property in charge of the Commission is established by the significant fact that the death rate was so small where there are so many children. This condition is due to the efficiency of the physicians in charge, coupled with the unremitting oversight and watchful care of the Superintendents and employes of the schools.

The moral, educational and industrial training given to the children is fully up to the standard fixed by the most advanced educational and training thought of the land, and fills in full measure the requirements of the laws of Pennsylvania. Physical and military training are important factors in the formation of regular habits, and these two elements are required at both schools. We would especially direct attention to the fact that during the years that have passed since the organization of the Soldiers' Orphan Schools nearly twenty thousand young men and women have received a thoroughly practical education in the several schools in charge of the Commission, have gone out to perform their part in the world's work, have assumed the problem of life with educated minds, trained hands and sound bodies, and to-day are valuable factors in the body politic of every part of our State, influencing its laws, its customs, its professions and every branch of its mechanical and industrial pursuits. Of this vast number, less than one per cent. have failed to profit by the bounty of the State, and the training received from the constant precept and practice while in these preparatory schools.

Under the act of Assembly, approved the thirteenth day of June, 1907, an appropriation was made in the sum of \$40,000.00 for the purpose of enlarging the capacity of the present buildings, and the building of a new structure which would enable the Commission to transfer the pupils to the Soldiers' Orphan Industrial School, and abandon one of the other schools, it being the intention of the Commission to consolidate the pupils of the Uniontown School as rapidly as facilities would permit without curtailing the advantages due to the wards of the State. The committee appointed by the Commission consisting of Hon. Thad. M. Mahon, Hon. L. G. McCauley and James F. Morrison, Esq., completed the work assigned to them in time for the opening of the schools September 1, 1908, erecting a fine building as an auditorium on the first floor, and the upper part constructed for a boys' dormitory. The enlarging of parts of the main building at the same time was completed and many other improvements which, had they all been let by contract, would have cost the State far more than the \$40,000.00 appropriated for these improvements, was accomplished by the boys in the school from the different industrial departments, under the instructions of their superintendent and his faithful corps of instructors in these

departments, thereby not only completing the work at small cost, but at the same time educating the pupils in practical work, which will benefit them when they are placed out in the world to maintain themselves.

The high character and efficiency of the Superintendents and their corps of assistants is highly commended by the Commission for the great work they have accomplished, and in conclusion the Soldiers' Orphan Schools Commission earnestly invites every member of the General Assembly, every Grand Army man, the press and clergy, as well as every citizen of the State at large to visit these schools and see the magnificent work and the splendid results achieved by them. The schools are always ready and open for inspection.

We herewith submit tabulated statements of all matters in any manner connected with the schools, together with itemized accounts of all moneys received and expended. Respectfully submitted by order of the Commission.

JAMES F. MORRISON,
Secretary.

REPORTS OF SUPERINTENDENTS.

SOLDIERS' ORPHAN SCHOOL.

Chester Springs, Pa., June 30th, 1909.

Commission of Soldiers' Orphan Schools, Harrisburg, Pa.:

Gentlemen: I have the honor to submit the Nineteenth Annual Report of the Chester Springs Soldiers' Orphan School.

June 30th, 1908, our roll contained the names of 208 boys and 114 girls, a total of 322. (An error in last year's report made the number 324.) During the year there were admitted 88, making the enrollment for the year 410. During the same period there were discharged, on age, 1, on order, 3, and by transfer to the Industrial School, at Scotland, Pa., 36, a total of 40, add to this the death of 1, and our entire loss for the year was 41, leaving on our roll June 30th, 1909, 369 pupils, 234 boys and 135 girls.

The death referred to was that of Violetta Karch, 11 years old, of Erie, Pa. She came to us in the transfer from the Uniontown school, June 16, 1908. She was a delicate girl, having frequent attacks of Epistaxis. Early in the winter she had an attack of inflammatory rheumatism, and died of heart failure December 18th, 1908.

During the winter of 1908 and 1909 we had 24 very severe cases of pneumonia, one of which necessitated the insertion of a drainage tube into the pleural cavity, by means of which at least five quarts of pus was discharged, with complete recovery of the patient; 14 cases of scarlatina and 2 cases of diphtheria.

When the age of the children is taken into consideration, many of them being under ten years old, with not a single death, we cannot adequately express our gratitude to our heavenly Father, for thus blessing the skill of the physician and the untiring care and attention of the nurse and thus restoring to health the little ones confided to our care.

It is a source of gratification to report that, with but few exceptions the conduct of the pupils during the year has been highly commendable, and although the year began under the supervision in the educational department of a new principal, yet Prof. Henderson, with his corps of experienced assistants, has made the year a successful one in his department.

The usual religious services, daily chapel and Sabbath school or preaching every Sunday, have been held during the year.

Our holiday seasons have also been appropriately observed and by reason of your generous provision fully enjoyed by all. On Memorial Day, after the usual parade of the pupils, led by the band, to the cemetery and the decoration of the graves of the veterans and

the pupils of the school, who lie buried there, an appropriate and instructive address was delivered by Hon. Thomas R. McDowell, of Elkview, Pa.

That effective, satisfactory work has been done in all departments of the school needs no other evidence than the words of approval spoken by those who were present at our annual commencement exercises, June 22d. The commencement exercises in the auditorium, the military drill of the boys and the marching and calisthenic drill of the girls, together with the kindly courtesy and excellent deportment of both boys and girls gave evidence of the careful training by teachers, military instructors and matrons alike.

With but few exceptions, the year has been a harmonious one and whatever measure of success has been attained is due to the work of all.

While the number of pupils is larger than was reported last year, yet owing to the fact that only the older pupils are transferred to the Industrial School at each transfer, the remaining pupils are very much younger than those on our roll in former reports, and when the fact is taken into consideration that with an enrollment of 410 for the year, nearly half of whom are between the ages of two and fourteen years, subject to all the ills that childhood is heir to, with but a single death during the year, too much praise cannot be given to those who have the immediate care of them.

To the Commission of Soldiers' Orphan Schools I can but repeat what I have written in former reports, "I thank you most sincerely for your uniform courtesy and kindness." To your Vice President, Maj. L. G. McCauley, and your Treasurer, Hon. Thad. M. Mahou, my especial thanks are given for repeated visits to the school and the words of cheer and encouragement and helpful suggestions kindly offered.

On the occasion of our annual Commencement, we were cheered by the presence on the part of the Commission of Department Commander Thad. M. Mahon, Hons. L. G. McCauley, Thomas Hayes, John H. Riebel, T. V. Cooper and Col. James F. Morrison. On the part of the G. A. R., A. A. G. Chas. A. Suydam and the Dept. Chaplain, Rev. John Sayers.

The Committee on Soldiers' Orphan Schools, of Gen'l Geo. A. McCall Post No. 31, G. A. R., of West Chester, Pa., made its annual visit of inspection and its report is herewith enclosed and made a part of this message.

I have the honor to be, gentlemen,

Your obedient servant,

DR. M. B. HUGHES,
Superintendent.

HEADQUARTERS GENERAL GEO. A. McCALL POST, NO. 31, G. A. R.,
DEPARTMENT OF PENNA.

West Chester, June 25, 1909.

Report of Committee of Gen'l Geo. A. McCall Post No. 31, G. A. R.,
on the Chester Springs Soldiers' Orphan School.

We the undersigned Committee of Gen'l Geo. A. McCall Post, beg leave to report that we have attended to the duty assigned us, having made the annual visit of inspection to the school on the occasion of the annual commencement exercises of the school, June 22d, 1909. We found everything in perfect order, excellent discipline, which, with scrupulous cleanliness, explains the healthy condition of the pupils.

The Superintendent, with his corps of assistants, having had large experience in the work are rendering loving, faithful and efficient service in training the boys and girls to be useful men and women, a credit to themselves and an honor to the school, the State and country.

The military instructors and matrons are to be commended for the successful manner in which they have taught the boys and girls habits of cleanliness and instructed them in courteous deportment and for the evident discipline everywhere manifest.

The entertainment held in the auditorium, both afternoon and evening, was very fine, the programs were well rendered and equally well received and appreciated by large audiences. In fact everything passed off in a very creditable manner with much praise for those having charge of the training of the boys and girls in the Chester Springs Soldiers' Orphan School.

We were most cordially received, hospitably entertained and urged to come again.

There are 234 boys, 135 girls and 40 employes in the school.

Fraternally submitted,

Signed,

SOLDIERS' ORPHANS' INDUSTRIAL SCHOOL.

Scotland, Pa., October 19, 1909.

Commission of Soldiers' Orphans' Schools, Harrisburg, Pa.:

Gentlemen: I have the honor to submit the fourteenth annual report of the Soldiers' Orphans' Industrial School, with accompanying reports of the heads of the principal departments.

The closing of the Jumonville school necessitated an increase in the population of this school from three hundred to nearly four hundred. A new auditorium, together with a dormitory, additional dining-rooms, new kitchen, etc., made it possible to care for the larger enrollment comfortably.

The work of every department has progressed smoothly and effectively. Moral, mental and manual training being carefully looked after in each pupil. Sound minds, sound bodies and a product capable of independent citizenship has been the aim. The great success of our institution along this line is attested by the ease our graduates have in obtaining lucrative employment in their chosen lines of work. Those who have been permitted to continue their education have stood the tests in some of the best schools in this and other states. Recent graduates are now doing good work in Yale, Pennsylvania State College, Lafayette College, Swarthmore College, West Chester State Normal, Findlay College and others. In nearly every instance the above pupils have earned their higher education by being capable of doing useful, honest work.

The low death rate of one in twelve years, with an average population of between three and four hundred, shows better than words can tell the good effects of our system of physical training and strict regard for all sanitary rules and regulations. Many of our pupils develop from delicate types to strong and robust boys and girls.

The success of the institution along the various lines mentioned, is largely due to the policy of your Commission, in furnishing the best of materials and equipment, the most faithful and competent service in every department. I wish to say that harmony and good feeling has prevailed among the instructors and other employes during the year and every one has earnestly striven to do the work assigned and do it well.

The loyalty, faithfulness and obedience of a great majority of the pupils is responsible for a most pleasant and profitable year.

In every effort for the good of the institution, we have been earnestly supported by each member of the Commission, and it is a pleasure to record the fact that during their frequent visitations and close inspection of every department, they have found little to condemn and much to commend.

Thanking all who have so cheerfully aided in supporting the best interests of the school during the year, I am,

Very respectfully,

GEORGE W. SKINNER,
Superintendent.

EDUCATIONAL, MILITARY, STENOGRAPHY AND TELEGRAPHY DEPARTMENTS.

Capt. Geo. W. Skinner, Supt. Soldiers' Orphans' Industrial School,
Scotland, Pa.:

Dear Sir: I herewith submit the fourteenth annual report of the Educational, Military, Stenography and Telegraphy Departments.

With the opening of the school year, Sept. 1st, 1908, the new auditorium and one new class room was added to the school equipment. About sixty additional pupils over and above the number enrolled during any previous year filled the classes to their maximum capacity.

The same curriculum of studies has been retained and under it the progress of capable pupils has been rapid and their work thorough.

It has been my privilege to be in close contact with the work of all the grades during the entire year, and I believe each teacher has labored faithfully and persistently for the best interests of the pupils. Few schools can show such a record for regularity and system as the Industrial School has maintained.

All the national holidays were observed in a way, not only to give pleasure to the children, but to teach valuable lessons. Each class was given a chance for valuable nature study work during the spring term, and the results were highly gratifying.

Daily chapel exercises and weekly Sabbath school classes were continued throughout the year. Rev. Wine, of Scotland, preached in the school auditorium on each alternate Sabbath afternoon and frequently other ministers of the community held extra services.

The general conduct of the pupils has been excellent under the strict but liberal discipline maintained. A class of twenty-two boys and twenty-two girls was graduated on June 25. Dr. S. A. Martin, of the Cumberland Valley State Normal School, addressed the class and presented the diplomas.

Stenography and Telegraphy Department.

The work of this department under the charge of a former graduate, has been kept up to its usual standard of excellence. A number of the pupils went directly into good positions on leaving this department and seem able to compete with pupils of the best schools in their chosen work.

Military and Physical Culture.

The usual variety and excellence of this branch of the work has been kept up during the entire year.

Each girl participated in free calisthenics, dumb-bell and Indian club drills. Each boy participated in each of the above drills and in addition rifle calisthenics. A three company battalion organi-

zation was maintained and thorough instruction in the school of the soldier, school of the company and school of the battalion was given. Some attention was given to ceremonies and military courtesy.

The exhibition drills were of a high standard. Almost every variety of out door sport has been indulged in by the student body under the care and direction of competent instructors. We believe the general results have been highly beneficial. In closing I can only repeat my thanks to superiors for support and counsel and to subordinates for cheerful obedience and co-operation.

Respectfully submitted,

W. C. BAMBRICK,
Principal and Military Instructor.

INDUSTRIAL DEPARTMENT.

Capt. Geo. W. Skinner, Superintendent Soldiers' Orphans Industrial School, Scotland, Pa.:

Dear Sir: I submit herewith the fourteenth annual report of the industrial departments of this school.

During the year just closed there has been but one change in the corps of employes, Miss Carrie Mellon resigned as laundress and Miss Mary Moorehead was appointed in her place and has filled the place very satisfactorily.

The beginning of the year July 1st, 1908, found us with the new auditorium building unfinished, the work on the same where required to put the building in condition to hold our annual commencement was pushed along as fast as possible, while the balance of the work was left stand. This was all finished and the building completed by September 1st, 1908, the opening of the school term.

A very important improvement has been made in the past year by the erection of two Kirker-Bender spiral fire escapes, one located at each end of the Administration building to one side of the windows so as not to interfere with the ventilation or light in the building, and in case of fire no flame from the windows could come in contact with any part of the escape. They consist of a steel tower six feet in diameter with a three-inch stand pipe through the center with hose connections on each end and a special steel slide between this stand pipe and the side of the tower. The top is covered with a tight steel roof and hand rail. Steel run ways are connected from the windows protected by a wire guard. All doors opening into the escape are closed by a spring, except the lower door, which opens out and is operated by an automatic latch. The slide terminates about 18 inches from the ground. The escape was built by the Dow Wire and Iron Works, Louisville, Ky.

Another very important change was made in the power plant. Twelve electric irons were placed in the laundry, six in the tailoring department and two in the dressmaking department. A 25-horse power motor in the machine shop to furnish power for the machine shop, wood shop and printing office. A marble switchboard in the Administration building to control all the circuits in the building. By this change we discontinued the use of three coal stoves, which were always considered very dangerous on account of fire.

This change compelled us to stop the 9-inch x 10-inch engine used to supply power for the departments and run one of the engines and dynamos in the power room through the day. The 9-inch x 10-inch engine will be changed from a belted machine to a direct connected electric machine and moved from its present location to the power room. A new shaft will be required and a 27½ K. W. dynamo. The contract for the change has been awarded and I expect to have it in operation by the time school opens, September 1st.

A new maple floor has been placed in the part of the laundry used for ironing, a concrete floor being first put in to support the same.

Laundry and Industrial Building at the Soldiers' Orphan Industrial School,
Scotland, Pa.

Farm Buildings and Water Tank at Soldiers' Orphan Industrial School,
Scotland, Pa.

A new vertical tubular boiler, 48 inches in diameter and 9 feet high, has been ordered for the pump station, to replace one the same size that has been in bad condition for some time and not considered worth repairing.

The work in the several departments for the past year has been fully up to the standard of the past. The conduct of the pupils during the year excellent.

A new screw cutting lathe was finished in the machine shop and will be added to the equipment of the department. Twelve combination book cases and writing desks were made in the wood department and placed in the private rooms in the main building for the use of the people who occupy the same. Many other articles were made in these two departments in addition to the repairs to buildings, machinery and furniture in and around the school.

The printing department, in addition to the School News, issued every second and fourth Thursday of each month, have printed all envelopes, letter heads, blanks and other printing required by this school and Chester Springs.

The dressmaking department in the past year made the following garments for the use of the girls:

Number.	Description.	Estimated Cost.
121	Woolen dresses,	\$432 50
455	Cotton dresses,	568 75
93	White dresses,	139 50
83	Night dresses,	33 20
131	Drawers,	39 30
569	Towels,	85 35
99	Petticoats,	39 60
		<hr/>
		\$1,338 20
		<hr/>

The tailoring department in the past year made the following garments:

Number.	Description.	Estimated Cost.
516	Trousers, uniform,	\$1,548 00
329	Coats, uniform,	1,151 50
47	Graduating suits,	423 00
		<hr/>
		\$3,122 50
		<hr/>

The work done in the laundry, mending room and shoe shop has been very satisfactory.

In closing, permit me to again call your attention to the boilers in the main boiler room. The old tubes and the bottom of the shells show some pitting, and while it at present is not serious, it is one of the first symptoms to show the wearing out of the boilers. They are inspected regularly by the Hartford Boiler Inspection and Insurance Company.

Very respectfully yours,

WM. H. STEWART.

Superintendent of Industries.

MEDICAL DEPARTMENT.

Chambersburg, Pa., July 1, 1909.

Capt. Geo. W. Skinner, Supt. S. J. I. S., Scotland, Pa.:

My Dear Captain: I have the honor to herewith present to you my report of the medical department of the Industrial School for the year just ended.

It is impossible for me to render a report in detail this year because I can not find the record book kept at the hospital by the nurse.

On this date Miss Lillian Seibert, a trained nurse, takes charge of the hospital instead of Miss Katherine Clarke.

Since the school at Uniontown has been closed we have more small children than before and of course we have had more ills incident to small children to treat than before; otherwise the routine work has been about the same as other years.

Just after the return of the children in September, one boy developed typhoid fever, but there was no doubt that the disease was contracted before his return to school. So it gave us no concern as to the purity of our drinking water; it was the only case we had and it ran a regular course and the boy recovered.

A case of scarlet fever developed a little later and gave us much anxiety lest we should have an epidemic. It was a well marked and very severe case, but strict isolation was established and perfectly maintained with a nurse in charge and the patient made a complete recovery, and there was no spread of the disease. We were not able to locate the source of the contagion.

One girl suffered a rather severe, acute attack of appendicitis; she was operated upon and when fully recovered was discharged and sent to her home.

The greatest work of the physician in an institution like this, in addition to the prescribing for the ills that come to the children necessarily is the care exercised in preventing epidemics from infecting the school children from the outside or the spread of diseases among the children when already here. In this work I feel that we have been remarkably successful and want to thank the heads of other departments for their hearty co-operation; with this work particularly is it necessary for all to be of one opinion and work to that end.

There is a remarkable and very commendable disposition manifest by all employes at this school in pointing with equal pride to the good work done in each other's department and to the whole as a result of all together led by you, our most worthy head.

Another year has passed and proudly do I report the excellent health of the children and thankfully do I report that no deaths have occurred during the year. Thanking you and others for the hearty support given me, I am,

Very truly yours,

W. F. SKINNER, M. D.

BAND AND ORCHESTRA.

Scotland, Pa., June 30, 1909.

Captain Geo. W. Skinner, Supt. S. O. I. S., Scotland, Pa.:

My Dear Sir: I have the honor to submit a report of the band and orchestra for the year that has just closed. Our band numbered forty-four pieces. Of this number ten were new boys. We furnished music for all drills and dress parades during the school term, and gave a number of concerts at school during the winter. Our band filled a number of engagements away from school as follows: A reunion of the 21st Regiment at Scotland; concert in Rosedale opera house, Chambersburg; concert at Wilson College; P. O. S. of A. parade at Chambersburg; memorial service May 29th at Shippensburg, Pa.; Memorial Day at Chambersburg and Scotland. Our last trip away was to Gettysburg in June, where we furnished music for the State encampment, G. A. R. We were there for two days and all the boys done fine and received many compliments. The new instruments we received to replace some old ones were quite an improvement and added much to the appearance and music of the band. Our orchestra furnished music at commencement. The band and orchestra had a number of invitations they could not accept on account of school duties. The deportment of the boys was good. In conclusion, I want to thank you and all interested for many courtesies.

Most respectfully,

CHARLES E. MENTZER,
Instructor Band and Orchestra.

LAWS REGULATING SCHOOLS.

ACT OF 1867.

To provide for the continuance of the education and maintenance of the destitute orphans of the deceased soldiers and sailors and the destitute children of permanently disabled soldiers and sailors of the State.

Whereas, Several considerable appropriations have been expended, for the proper education and maintenance of the destitute children of the men of Pennsylvania, who died in defense of the Union during the late rebellion;

And whereas, it is incumbent upon the State to continue this provision for those children who are now hers;

And whereas, The experience thus far acquired, in the performance of this duty, now enables the Legislature to regulate, by statute, the largely discretionary powers heretofore exercised in the premises; therefore,

Section 1. Be it enacted, &c., That the Governor of this Commonwealth is hereby authorized and required to appoint by, and with the advice and consent of the Senate, a State Superintendent of Soldiers' Orphans, for three years, from and after the date of said appointment, to be subject to removal, for cause, as other officers appointed in like manner, are now, whose office shall be at Harrisburg, whose salary shall be the same as that of the State Superintendent of Common Schools, and necessary traveling expenses, and who shall give bonds, with three sureties, to be approved by the Auditor General, and filed in the office of the Secretary of the Commonwealth, in the sum of twenty thousand dollars, for the faithful performance of his duties; the Superintendent shall have power to appoint one clerk and the Governor one male inspector and examiner, and one female assistant, each at a salary not exceeding one hundred dollars per month, and necessary traveling expenses, to inspect and examine the Soldiers' Orphan Schools hereinafter provided for: Provided, That said Superintendent shall not, during the period of his superintendency, have any pecuniary interest in any of the said orphans' schools.

Section 2. That the State Superintendent of Soldiers' Orphans is hereby authorized and empowered to contract with the trustees, proprietors, or principals of institutions now employed as soldiers' orphans' homes and schools, possessing such good and sufficient accommodation as said Superintendent may approve, and of such other like institutions as may be necessary for the proper care, and maintenance and education, at the expense of the State, and until the age of sixteen years of the destitute orphan children of all such deceased

mother be dead, or has abandoned such orphans, but all applications must be approved by the board of school directors, controllers, or superintending committee of the district, ward, or city in which the mother resides, if she makes the application, or in which the orphans reside, in other cases, and the Superintendent may acquire such other certificate, from superintending committee, which committee shall be appointed and hold office at the discretion of the Superintendent, and by and with the consent of the Governor, or from such other sources as he may deem necessary.

Section 6. That the said Superintendent be and is hereby authorized and directed to procure a school or schools, or home or homes for the children of the colored soldiers and sailors who fell in the recent rebellion, subject to the same regulations and restrictions provided in relation to the education and maintenance of the orphans of our white soldiers and sailors: Provided, That when he may deem it expedient to do so, the said Superintendent may waive the restriction in regard to number and acres and extent of accommodation in the case of schools or homes for colored orphans.

Section 7. That all contracts made by said Superintendent shall be characterized alike by a wise economy and a just regard for services rendered, and that no contract shall be made for a longer period than one year, unless with the sanction of the Governor, and in cases in which it is clearly the interest of the State to contract for a longer period, such period in no case, however, to exceed five years: Provided, That all the contracts made under this act may be annulled at any time for failure to fulfill the conditions of such contracts on the part of any contractor, of which failure the Governor and Superintendent shall be the judges; and that every such contract shall be made upon the condition of the continuance of said Soldiers' Orphan Schools by the Legislature of the State.

Section 8. That the said Superintendent may, with the consent of the Governor, afford partial relief in kind, not exceeding thirty dollars per annum for each orphan, in case where, in his judgment, it is proper to suffer the orphans to remain with their surviving parents, or relatives, or guardians, and to receive instruction in the public schools of the Commonwealth.

Section 9. That all bids for the maintenance and education of the soldiers' orphans shall be paid quarterly, by warrant drawn directly upon the State Treasurer, signed by the Superintendent of Soldiers' Orphans, who shall file a receipted bill for the same in the Auditor General's office before issuing the next quarterly warrant, which the State Treasurer is hereby forbidden to pay until such receipted bill is thus filed: Provided, That all amounts appropriated for the purchase of clothing, and the payment of partial relief, salaries and incidental expenses, may be drawn by the State Superintendent of Soldiers' Orphans, upon the warrants of the Governor, and the bills for the same settled semi-annually, at the Auditor General's office, in the usual manner.

Section 10. That the Superintendent of Soldiers' Orphans shall require monthly, quarterly and annual reports, according to such form as he shall prescribe, from each institution receiving soldiers' orphans at the expense of the State; and that said Superintendent shall, not later than the first day of December, one thousand eight hundred and sixty-seven, and annually thereafter, make a detailed

report to the Governor of this Commonwealth, of all the soldiers' orphans under his charge, their condition and progress, the number of each respective age, from four to sixteen years, and such other information as he may deem expedient, together with the statement of receipts and disbursements by item, and estimates for ensuing years.

Section 11. That when any of said orphans shall have arrived at the age of sixteen, or sooner, if deemed expedient, said Superintendent shall, at the written request of said orphan, and of his or her mother, guardian or next friend, put or bind him or her out to such trade and employment, and to such master or mistress, or employer, as shall thus be requested, and for such terms as shall expire, if a male, at or before the age of twenty-one, and if a female, at or before the age of eighteen years; in which indenture or apprenticeship, there shall be included such covenants for the future education of the orphan as said Superintendent may prescribe; and such apprenticeship shall be in all other respects, not herein provided for, subject to the provisions of the act of Assembly relating to masters and apprentices, and the supplements thereto.

Section 13. That the year, for all operations under this act, shall begin on the first Monday of June in each year, and end on the day preceding the first Monday of June of the next succeeding; and all appropriations, hereafter made, shall be for the year, as herein determined, and made in like manner, and at the same time, as appropriations are now made for the general expenses of the government.

ANNUAL REPORT

OF THE

Pennsylvania Commission of Soldiers' Orphan Schools

FOR THE

YEAR ENDING MAY 31, 1910.

To the General Assembly of the Commonwealth of Pennsylvania:

Gentlemen: Herewith, as required by act of Assembly, we submit the Annual Report of the Soldiers' Orphan Schools Commission, having charge of the proper conduct of the schools authorized and established by the laws of the Commonwealth.

May 31, 1910, marked the end of the forty-sixth year of the existence of these schools, and the twenty-first year of their management by the Soldiers' Orphan Schools Commission, under the provisions of the act of General Assembly, approved May 25th, 1889, and its supplements.

During the year just ended, many improvements were begun by the Commission at the Soldiers' Orphan Industrial School, Scotland, Pa., which will be completed during the fiscal year of 1911, and will appear in our next Annual Report. Every effort is being made on the part of the Commission to prepare for the final assembling of all pupils at the Scotland Industrial School, on the property of the Commonwealth of Pennsylvania. To do this work more rapidly, it will require an appropriation of your honorable body for the erection of other suitable building or buildings to enable the Commission to remove all the pupils from Chester Springs Soldiers' Orphan School to the Soldiers' Orphan Industrial School, as this school is now filled to its full capacity.

The detailed reports of the Superintendents of the two schools and the records of the office herewith submitted, show that there were seven hundred pupils, lawfully under the care of the State at the close of the year ending May 31, 1910, and that these children were classified as follows:

Males under the age of five years,	5
Males between the ages of five and ten years,	170
Males between the ages of ten and fourteen years,	100
Males between the ages of fourteen and eighteen years,	100
Females under the age of five years,	5
Females between the ages of five and ten years,	101
Females between the ages of ten and fourteen years,	97
Females between the ages of fourteen and eighteen years,	122

The Annual Reports of the Superintendents and the heads of Departments of the schools in this report, show the most excellent condition in both schools. The General Superintendent of the Soldiers'

Orphan Industrial School, William H. Stewart, and the educational department of the same school, under the Assistant Superintendent and Principal, Col. William C. Bambrick, together with the Industrial Departments, all show a high state of efficiency.

During the year, the Commission have the sad news to report of the death of Captain George W. Skinner, the late Superintendent of the Industrial School, he having filled this position for a period of over nine years, and the Commission filled the vacancy by the election of the efficient Superintendent of Industries, William H. Stewart, who had held the position for fifteen years, as the successor to the late Captain Skinner. This was done as a matter of economy and owing to the qualifications of Mr. Stewart to assume the exclusive management of the school as its Superintendent in connection with his duties as Superintendent of Industries, he being familiar with all requirements of both positions.

We also report during this year the death of Hon. Thos. V. Cooper, a member of the Commission, whose loss was greatly felt by all, especially the children of the schools in whom he took a great interest.

The Commission also report with sorrow the death of another of its members during the year, General J. P. S. Gobin. General Gobin had for many years been a staunch supporter of the Pennsylvania Soldiers' Orphan Schools, and while a member of the Commission his earnest efforts were also given to improving the efficiency and progress of these schools. His kind words of advice and strong support of the schools will be greatly missed by the Commission, the Superintendents, employes and pupils of the schools.

The moral, educational and industrial training given to the children of these schools is fully up to the standard fixed by the most advanced educational and training thought of the land, and fills in full measure the requirements of the laws of Pennsylvania. The excellent sanitary condition of the buildings and property in charge of the Commission is established by the significant fact that the death rate was so small where there are so many children. This condition is due to the efficiency of the physicians in charge, coupled with the unremitting oversight and watchful care of the Superintendents and employes of the schools. Physical and military training are important factors in the formation of regular habits, and these two elements are required at both schools. Dr. M. B. Hughes, Superintendent of the Chester Springs School, (the pupils of which school are much younger than those in the Industrial School) has shown good results from his management of that institution.

We would especially direct your attention to the fact that during the years that have passed since the organization of the Soldiers' Orphan Schools, nearly twenty thousand young men and women have received a thoroughly practical education in the several schools in charge of the Commission, have gone out to perform their part in the world's work, assuming, many of them, high and important positions, in this and other states. The school has furnished experts from the different industrial departments at Scotland School, such as machinists, draftsmen, telegraphers, stenographers and typewriters, etc., and many of the graduates of these schools are now filling high and honorable positions in the land, some of them being judges of our courts, ministers of the gospel, presidents of manu-

facturing concerns and employes of many of the vast and great manufacturing enterprises of the State and country. They have gone out into the world to perform their part in its work, and have assumed the problem of life with educated minds, trained hands and sound bodies, and to-day are valuable factors in the body politic in every part of our State, influencing its laws, its customs, its professions and every branch of its mechanical and industrial pursuits. Of this vast number, less than one per cent. have failed to profit by the bounty of the State, and the training received from the constant precept and practice while in these preparatory schools.

The high character and efficiency of the Superintendents and their corps of assistants is highly commended by the Commission for the great work they have accomplished, and in conclusion, the Soldiers' Orphan Schools Commission earnestly invites every member of the General Assembly, every Grand Army man, the press and clergy, as well as every citizen of the State at large, to visit these schools and see the magnificent work and the splendid results achieved by them. The schools are always open and ready for inspection.

We herewith submit tabulated statements of all matters in any manner connected with the schools, together with itemized accounts of all moneys received and expended. Respectfully submitted by order of the Commission.

REPORTS OF SUPERINTENDENTS.

SOLDIERS' ORPHAN SCHOOL.

Chester Springs, Pa., June 30th, 1910.

Commission of Soldiers' Orphan Schools, Harrisburg, Pa.:

Gentlemen: I have the honor to submit the Twentieth Annual Report of the Chester Springs Soldiers' Orphan School.

There were on our roll June 30th, 1909, the names of 234 boys and 135 girls, a total of 369 pupils. From June 30, 1909, to June 30, 1910, there were 88 pupils admitted, making a total on our roll during the year of 457 pupils.

During the year 125 pupils were transferred to the Soldiers' Orphan Industrial School, at Scotland, Pa., 4 were discharged on order, 2 on age and 3 died, making a total loss of 134, leaving on our roll June 30th, 1910, 193 boys and 130 girls, 323 pupils.

The first death during the year was that of Laura Kriger, a chronic sufferer from Bright's disease, which occurred July 12th, 1909. The second was Joseph Fauzey, a little boy of 9 years, who returned from home at the end of vacation, September 1st, was attacked with laryngial diphtheria on the 18th and died September 19th, less than 36 hours from the time he developed the first symptoms of the disease, although he must have been exposed to and brought the disease with him. March 19th, 1910, Nathaniel Pierce, a colored boy 9 years old, whose health had never been good since he had been a pupil here, died with heart disease complicated with Nephritis. He was taken to his mother's home in Bellefonte for burial. The other two were interred with appropriate services in our burial plot in Vincent Baptist Cemetery.

The death of Joseph Fauzey from laryngial diphtheria was followed by an epidemic (as it were) of diphtheria, there having developed during the six months following more than 40 cases. Through the skill and untiring care of our physician, Dr. John R. Wells, and our nurse, Mrs. Emma P. Cochran, blessed by an All-wise Providence, not a single death occurred.

When the fact is considered, that our pupils are at an age when the greatest mortality is expected, we have great reason to be grateful for the wonderful preservation of life and health which has been ours during the year.

All our holiday seasons were appropriately observed. Memorial Day was rendered most interesting and made memorable by the presence with us and addresses delivered by the Department Commander of the Grand Army of the Republic, Hon. Thad M. Mahon,

Hon. Isaac Johnson, President Judge of Delaware county, and C. Wesley Talbot, Esqr., of West Chester, Pa., all veterans and all orators.

On the occasion of our annual Commencement there were present with us, on the part of the G. A. R., Adjutant General Chas. A. Suydam, Chaplain John W. Sayers and Comrade H. H. Wells, and on the part of the Commission, Hon. Thad. M. Mahon, Hon. Thos. Hayes, Hon. John Riebel and Hon. George M. Patterson. As representatives of the friends of the school in its immediate vicinity, Rev. W. M. Wilson, Rev. E. C. Sult, Rev. M. G. Richard and Rev. Wade, who with the gentlemen mentioned above were most emphatic in their words of praise and commendation of the manner in which the pupils manifested the result of their training and discipline, attesting to the gratification of the Superintendent and the Staff, that the year's work had been equally as fruitful of success as that of any year in the history of the school.

The unavoidable absence from our annual exercises of the Vice President of the Commission, Hon. Levi G. McCauley and the Visiting Committee of General Geo. A. McCall Post of West Chester, who are always expected and always welcome, was noted and very much regretted.

In closing this report, allow me to again thank the members of the Commission for the very many courtesies and expressions of kindly interest, and helpful suggestions received during the year.

Whatever measure of success has been attained is due to the united effort of all, working together for the best interests of the children committed to our care.

Again thanking you, gentlemen of the Commission,

I am, very respectfully,

DR. M. B. HUGHES,
Superintendent.

SOLDIERS' ORPHANS' INDUSTRIAL SCHOOL.

Scotland, Pa., July 30, 1910.

Commission of Soldiers' Orphans' Schools, Harrisburg, Pa.:

Gentlemen: I have the honor to submit herewith the fifteenth annual report of the Soldiers' Orphans' Industrial School, Scotland, Pa. While I have filled the position of Superintendent of Industries since the opening of the school, June 1, 1895, I have only filled the position of Superintendent since December 1, 1909.

After the death of Captain George W. Skinner, October 7, 1909, who had been Superintendent for over nine years, the Commission delegated Hon. Thad. M. Mahon, their Treasurer, to take charge of the school temporarily, with myself as his assistant, and later on I was elected Superintendent to take charge December 1, 1909. In connection with the same, I was also to fill the position of Superintendent of Industries, as I had done in the past, combining the two positions and necessarily increasing my duties and responsibility.

I would have accepted the position, I must say, with some apprehension as to my ability to successfully manage the business of the school but for the fact that I had spent fifteen years in the work and was familiar with the details and knew the ability and character of all the employes.

No person can manage an institution or business successfully with incompetent or unreliable employes. I do not hesitate to state, and feel sure that it is no exaggeration when I say that no institution could have a better or more faithful and conscientious corps of employes than those employed in this school without an exception.

The work accomplished in the school, industrial departments and physical training in the year just closed is fully up to the standard of former years at least, and if we are to judge from the opinions of many persons familiar with the work of the school who have visited the same frequently in the past years, we are a little ahead of any year in the history of the school.

We have had but three changes in the corps of employes in the past year. Katherine B. Clark, nurse, resigned September 1, 1909, to take up private nursing. Miss Lillian L. Seibert, a graduate of the Harrisburg Hospital was elected to the place and has filled the position very successfully. Mr. S. C. Heiges, the baker resigned April 1, 1910, to engage in business in Harrisburg. Mr. Harry S. Williams, of New Cumberland, was elected to the position and he has proved to be a first class baker in every respect, and Mr. T. A. Hambright, the gardener, who died August, 1909. Mr. D. A. Stewart was elected to the place and is very successful in the work.

At the beginning of the year, there were some improvements not completed. The 9x10 inch engine, formerly used to furnish power for the several industrial departments was being rebuilt and changed to a direct connected unit; that is, a longer shaft was supplied and

a dynamo placed on the engine shaft, making, while small, the most up-to-date piece of machinery in the power plant. This was completed in due time and is now used every night after ten o'clock to furnish the electric current for the all-night lights in the halls and other places where required, and is working very satisfactorily. Most of this work was done by the boys in the machine and engineering departments in making this change.

The most notable change made in the power plant was the installing of four new 66" x 18' horizontal tubular boilers to replace the four 66" x 16' boilers of the same type placed in the plant when the school was first opened in June, 1895.

These old boilers were not in a dangerous condition, but it had come to the time when, on account of their age, it was a question of repairs of one kind or another every few weeks to keep them in proper condition with all the prospects of the expense increasing as time rolled on.

The Commission very wisely concluded to replace them with four new ones. The work is so far advanced that we have two of them in use now, and the other two will be installed just as soon as we can get the old ones out of the way.

In awarding the contract for the new boilers, all the work that we were in shape to do ourselves with the machinery and tools we have in the machine department was not included in the contract, but was done here, very materially reducing the contract price and giving the most excellent training for the pupils in the department. A full set of working drawings for the boilers was made here by some of the advanced pupils.

In addition to the work on the boiler settings, the machine department has an engine lathe almost completed, and many other articles completed, including a shaping machine for the wood department. In the wood department, the patterns for many of the castings for the new boiler fixtures were made and the patterns for the new shaping machine, also twelve oak combination writing desks and book cases were made complete. These will be placed in the rooms through the building for the convenience for the people who occupy the same, adding very much to their convenience and comfort. Many other articles were made in this department that reflect credit on the pupils and instructors as well.

In the printing department, the *School News* was issued every second and fourth Thursdays of each month as in the past, and many blanks of various kinds—letter heads, envelopes; also the programmes and commencement invitations,—not only for this school, but for Chester Springs school as well, were printed here.

In the tailoring and dressmaking departments, the details are about the same as previous years. The following garments were made during the year.

The work in the laundry, mending and shoe repairing departments has been very satisfactory during the entire year. See detail reports of the school, band and orchestra and medical departments herewith attached.

The system of assigning the pupils to the several departments is the same as in the past, allowing each to spend a half day in school and a half day in industrial training.

The Commencement exercises held June 23rd and 24th were attended by a large number of people, many prominent in school and state affairs and the Grand Army of the Republic, the members of the Commission, and also Governor Edwin S. Stuart, who all expressed themselves as well pleased with the work accomplished.

In closing, I wish to thank the members of the Commission, Hon. Thad. M. Mahon, Treasurer, in particular, who is practically our next door neighbor for eight months in the year and can be seen at most any hour of the day, for their kind assistance and advice, and commend all the employes for faithful performance of their duties in the past year.

Very respectfully,

WM. H. STEWART,
Superintendent.

EDUCATIONAL, MILITARY AND COMMERCIAL DEPARTMENTS.

Scotland, Pa., July 24, 1910.

Mr. Wm. H. Stewart, Superintendent, Soldiers' Orphans' Industrial School, Scotland, Pa.:

Dear Sir: I herewith submit the fifteenth annual report of the educational, military and commercial departments.

The same efficient staff of teachers working harmoniously throughout the year has given excellent results. Careful grading and frequent examinations has given each pupil the best possible opportunity for advancement. Special attention has been given backward pupils and every effort made to give such children average normal development. All higher grade pupils were given a chance to do teaching in lower grade work under the supervision of an instructor. The annual display of penmanship and drawing was much praised by people of long experience in school work.

The Curtin Literary Society maintained their business and public meetings and gained much knowledge and experience. Many excellent entertainments were given during the year and much fruitful reading was done with the help and encouragement of instructors.

All the national holidays were fittingly observed and the pupils took part in appropriate public programs.

Daily chapel exercises and weekly Sabbath School classes were maintained throughout the year. Rev. S. K. Wine, of Scotland, preached in the school auditorium on each alternate Sabbath afternoon and other ministers of the community occasionally held extra services.

A class of thirty-three was graduated on June 24th, and the honor pupils delivered their orations to a distinguished and appreciative audience. The members of the class of 1910 were particularly honored in having Governor Edwin S. Stuart address them and present their diplomas.

Commercial Department.

Classes in stenography, typewriting and telegraphy were started at the beginning of each quarter. After mastering the fundamentals, each pupil is given practical work to perform, corresponding as nearly as possible to actual business. Pupils completing the courses in this department with a mark of No. 1 have seldom failed to find lucrative employment promptly.

Military and Physical Culture Department.

All the work of former years has been kept up and some new features added. Both boys and girls were given carefully prepared exercises for the symmetrical development of their bodies and the pre-

servation of their health. Long, irksome drills were avoided, and varied exercises, given with snap and vim, were indulged in as a general rule.

The three company battalion was maintained and the infantry drills and ceremonies practiced faithfully in the schools incident to the organization. Three notable exhibition drills were given during the year. One before the officers of the Grand Royal Arch Chapter of Free Masons, one before the Philadelphia Merchants' Association and one before the Commission of Soldiers' Orphans' Schools and their guests on June 23rd. On the occasion of Governor Stuart's visit to the school, June 24th, he was presented to the girls' line and reviewed the battalion.

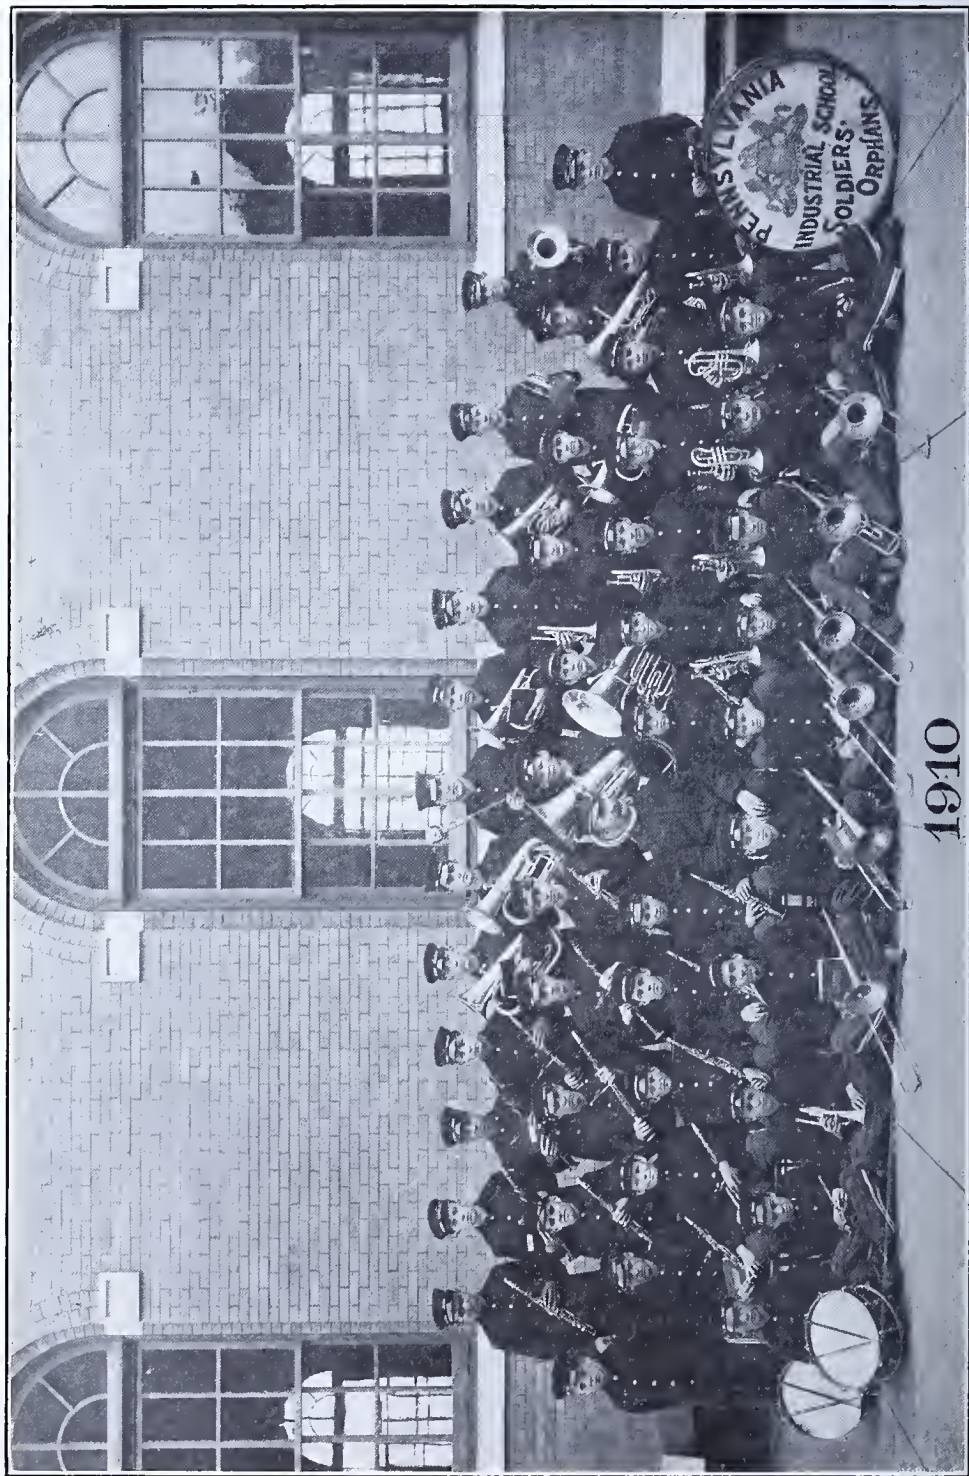

Out-door sports have been encouraged and the student body has derived inestimable pleasure and benefit from them.

In closing, I wish to say that the wise counsel of my superiors and the cheerful obedience and co-operation of my subordinates has made the exacting duties a work of pleasure.

Respectfully submitted,

W. C. BAMBRICK,

Asst. Superintendent and Principal.

BAND AND ORCHESTRA.

Scotland, Pa., June 30, 1910.

Mr. Wm. H. Stewart, Supt. S. O. I. S., Scotland, Pa.:

My Dear Sir: I have the honor to submit a report of the band and orchestra for the year that has just closed.

Our band numbered forty-five pieces. Twenty of these were new boys. Two practices were held daily, five days in the week. We furnished music for parades and drills during the school term; gave a number of concerts at school during the winter; furnished music for the Southern Association, G. A. R., at Chambersburg, Pa.; for the May day exercises at Wilson College, Chambersburg, Pa.; and for a P. O. S. of A. convention at Scotland. On May 30th, Memorial Day, furnished music for Chambersburg Post, and in the evening, at Scotland.

The orchestra numbered fourteen pieces. Most of these boys were new in orchestra work, but considering the limited time we had to practice, they did very well. Both band and orchestra had a number of invitations to play away from school, which could not be accepted on account of school duties. The deportment of the boys was all that could be desired.

In conclusion I want to thank you and all interested for many courtesies.

Most respectfully,

CHARLES E. MENTZER.

Instructor of Band and Orchestra

MEDICAL DEPARTMENT.

Chambersburg, Pa., June 30, 1910.

Mr. W. H. Stewart, Supt. S. O. I. S., Scotland, Pa.:

Dear Sir: I have the honor to herewith submit the annual report of the medical department for the year just ended.

Just after the opening of the school term in the fall, we had a series of contagious diseases develop among the children. First, Edwin Stewart, who had suffered from an acute attack of rheumatism during the summer which had materially affected his heart, developed serious lung affection. On application he was admitted to the Pennsylvania State South Mountain Tuberculosis Sanitarium September 10, 1909, where he remained several months and was later discharged much improved in health.

Three cases of typhoid fever developed early in September. Two of these cases had spent the summer at their homes and evidently returned to the school with the germs in their system. The other case developed in a pupil who had spent the summer at the school, and as we were not able to discover the source of infection and as no other cases developed, we believe the infection was from some outside source. All made satisfactory recoveries.

On November 3rd, Arthur Hill was stricken with that justly dreaded and usually fatal disease Cerebro Spinal Meningitis; after terrible suffering he succumbed to the disease November 14, 1909. This being the second death to occur in the school during my more than ten year's service.

William Gordon, recently transferred from Chester Springs, was noticed to be suffering from double Inguinal Hernia of several year's duration. It was decided that he should undergo an operation. He was brought to the Chambersburg Hospital, where I operated upon him May 16, 1910. The operation was very successful, and he made a rapid and complete recovery. Returned to school May 30th.

During the winter months, we had several severe cases of pneumonia, but I am glad to state that all made good recoveries and that no other serious cases of illness developed during the year.

In closing my report, I wish to thank you and associates for the hearty co-operation and assistance rendered.

Respectfully submitted,

W. F. SKINNER, M. D.

Capt. Geo. W. Skinner.

IN MEMORIAM.

At a meeting of the Commission of Soldiers' Orphan Schools; held December 15th, 1909, the following memorial of Captain George W. Skinner was unanimously adopted:

██

It was with sincere sorrow and universal regret that the members of the Commission received the sad announcement of the death of Captain George W. Skinner, Superintendent of the Soldiers' Orphan Industrial School, and the Commission placed on record its testimonial of his conscientious service in every position in life to which he had been called.

George Washington Skinner was born at Path Valley, January 10th, 1846; the son of David J. and Catharine (Berkley) Skinner; he was educated in the Public Schools of Millwood and Shade Gap, and at Washington and Jefferson College, Washington, Pennsylvania. Before he reached his seventeenth year he enlisted (November 1st, 1862) as a private in Company "A," 77th Pennsylvania Volunteers; promoted to Sergeant July, 1864; to First Lieutenant September, 1864, and to Captain August 1st, 1865, serving his country and its flag faithfully and gallantly.

In 1867 he was elected treasurer of Franklin county, which office he conducted successfully for the full term of two years, when he was elected to represent the counties of Franklin and Perry in the Legislature of his native State, serving for two consecutive terms and giving distinguished service, particularly in his advocacy of the payment of the "Border Raid claims;" during these years he continued to wear the uniform as Captain of the "Chambersburg Zouave Company." In 1872 Captain Skinner removed to Fulton county; where he had his home for more than a quarter century; he was Journal Clerk of the House of Representatives in 1875 and 1876; from 1876 to 1880 he was one of the owners and publishers and the Editor-in-Chief of the Fulton Democrat, during which years he studied law, being admitted to the Franklin county bar May, 1879, and to Fulton county bar September, 1879; he was the Representative of Fulton county in the Legislature from 1889 to 1894, and again in 1899 and 1900; he was appointed United States Pension Agent at Pittsburg by President Cleveland, serving with marked ability from August, 1893, until January, 1898. During his service as a member of the Legislature, Captain Skinner was appointed by its Speaker as a member of the Soldiers' Orphan Schools Commission, and when his service as a member of the Legislature closed, he was appointed a member of the Commission on the part of the Grand Army of the Republic; during most of the years of his service on the Commission, he was its Treasurer. July, 1900, he was selected by the Commission to be the Superintendent of the Soldiers' Orphan Industrial School, Scotland, Pa., to which position he was annually and successively elected by the Commission.

Captain George W. Skinner was a man of great personality, and of marked attainments; generous, amiable, kind and loving, with sterling manhood, intelligent zeal, and well directed ability. He had the faculty of making and retaining friends; in political life he was an ardent partisan, and yet his political opponents were always his devoted friends; he was an ideal, loving husband and affectionate father—his home life was beautiful.

At the school, of which he was the head, every boy and every girl loved him, and he enjoyed the respect, esteem and confidence of every employe in as full and complete measure as he did of the members of the Commission.

"Dead; But the end was fitting—
First in the ranks he led;
And he marked the height of the Nation's gain,
When he lay in his casket—dead."

Respectfully submitted,

LAWS REGULATING SCHOOLS.

ACT OF 1867.

To provide for the continuance of the education and maintenance of the destitute orphans of the deceased soldiers and sailors and the destitute children of permanently disabled soldiers and sailors of the State.

Whereas, Several considerable appropriations have been expended, for the proper education and maintenance of the destitute children of the men of Pennsylvania, who died in defense of the Union during the late rebellion;

And whereas, It is incumbent upon the State to continue this provision for those children who are now hers;

And whereas, The experience thus far acquired in the performance of this duty, now enables the Legislature to regulate, by statute, the largely discretionary powers heretofore exercised in the premises; therefore.

Section 1. Be it enacted, &c., That the Governor of this Commonwealth is hereby authorized and required to appoint by and with the advice and consent of the Senate, a State Superintendent of Soldiers' Orphans, for three years, from and after the date of said appointment, to be subject to removal for cause, as other officers appointed in like manner, are now, whose office shall be at Harrisburg, whose salary shall be the same as that of the State Superintendent of Common Schools, and necessary traveling expenses, and who shall give bonds, with three sureties, to be approved by the Auditor General, and filed in the office of the Secretary of the Commonwealth, in the sum of twenty thousand dollars, for the faithful performance of his duties; the Superintendent shall have power to appoint one clerk and the Governor one male inspector and examiner, and one female assistant, each at a salary not exceeding one hundred dollars per month, and necessary traveling expenses, to inspect and examine the Soldiers' Orphan Schools hereinafter provided for: Provided, That said Superintendent shall not, during the period of his superintendency, have any pecuniary interest in any of the said orphans' schools.

Section 2. That the State Superintendent of Soldiers' Orphans is hereby authorized and empowered to contract with the trustees, proprietors, or principals of institutions now employed as soldiers' orphans' homes and schools, possessing such good and sufficient accommodation as said Superintendent may approve, and of such other like institutions as may be necessary for the proper care, and maintenance and education, at the expense of the State, and until the age of sixteen years of the destitute orphan children of all such deceased

mother be dead, or has abandoned such orphans, but all applications must be approved by the board of school directors, controllers, or superintending committee of the district, ward, or city in which the mother resides, if she makes the application, or in which the orphans reside, in other cases, and the Superintendent may acquire such other certificate, from superintending committee, which committee shall be appointed and hold office at the discretion of the Superintendent, and by and with the consent of the Governor, or from such other sources as he may deem necessary.

Section 6. That the said Superintendent be and is hereby authorized and directed to procure a school or schools, or home or homes for the children of the colored soldiers and sailors who fell in the recent rebellion, subject to the same regulations and restrictions provided in relation to the education and maintenance of the orphans of our white soldiers and sailors: Provided, That when he may deem it expedient to do so, the said Superintendent may waive the restriction in regard to number and acres and extent of accommodation in the case of schools or homes for colored orphans.

Section 7.
